

# FACT BOOK FALL 2007

**OFFICE OF PLANNING AND INSTITUTIONAL RESEARCH**

[www.miami.edu/factbook](http://www.miami.edu/factbook)  
[planning-research@miami.edu](mailto:planning-research@miami.edu)  
(305) 284-FACT

## **To Our Readers:**

The information presented in the Fall Fact Book represents the most current benchmark data available. Please note that students who have not completed financial registration by the benchmark date will not appear in the enrollment counts. Copies of this Fact Book have been mailed to deans, associate/assistant deans, department chairs, and other senior administrators. Fact Books are posted online ([www.miami.edu/factbook](http://www.miami.edu/factbook); call 305-284-3856 for a password) and are also available in the Richter Library's Special Collection's Division.

## TABLE OF CONTENTS

Glossary .....	i
University of Miami Mission Statement .....	iii
An Introduction to the University of Miami .....	iii
Organization Chart .....	xvi
Student Enrollments:	
Headcount by Class and School .....	1
FTE, Full-Time, Part-Time, Credit Load .....	10
Entering Student Classifications (Undergraduate & Graduate/Professional) .....	17
Admissions Data .....	20
Headcount by Major .....	21
Gender Distribution .....	43
Racial/Ethnic Distribution .....	46
Geographic Origins .....	54
Headcount by State or Country .....	64
Student Classifications by World Region .....	72

## GLOSSARY

**Academic Year** - Fall and spring semesters and subsequent first and second summer sessions.

**Associated Faculty** - all faculty with professorial titles prefixed by “Voluntary,” “Adjunct,” “Visiting,” or “Affiliated,” and all Lecturers.

**CIP Codes** - The Classification of Instructional Programs developed by the National Center for Education Statistics “to create a standard terminology to guide the reporting of data.”

**Continuing Studies, Special & Joint Programs** - Includes joint-degree, Continuing Studies, and study-abroad programs (non-UM students studying abroad and foreign students studying at UM through the Office of International Education and Exchange Programs).

**Degree Program** - An academic program leading to a degree.

**Degree Student** - One enrolled in a degree program.

**DUG** - Degree undergraduate (student).

**Educator Faculty** - consists of i) Instructors and ii) those faculty with professorial titles engaged primarily in professional practice and in teaching associated with that practice. Educator faculty shall not hold tenured or tenure-earning appointments.

**Entering Students** - Includes new freshmen, new transfers, and entering graduate/professional students.

**FTE** - Full-time equivalent. For a full-time student, the FTE is equal to 1.0. For a part-time student, the FTE is equal to the student’s credit load divided by his/her appropriate full-time load (see below).

**Full-Time Load** - For fall and spring semesters: a minimum of 10 semester hours for RNU students, 12 semester hours for other undergraduates, 9 for graduate students, 10 for evening J.D. students, 12 for day J.D. students, and 12 for LL.M. students. All clinical medical students are considered full-time. A doctoral student taking any dissertation credit or a master’s student taking any thesis credit is considered full-time, regardless of the number of dissertation or thesis hours taken.

**Graduate (Programs)** - All post-baccalaureate work, except law school and clinical medicine.

**Headcount** - The number of financially registered students, as of benchmark, regardless of their individual credit load.

**International Programs** - Courses taught outside the U.S. under the auspices of the University of Miami.

**Librarian Faculty** - consists of those faculty serving in the libraries of the University who hold the rank of Librarian Professor, Librarian Associate Professor, or Librarian Assistant Professor and who perform normal professional duties in the libraries, but are not required to undertake scholarly research. Librarian faculty shall not hold tenured or tenure-earning appointments.

**NDUG** - Non-degree undergraduate (student).

**New Freshman** - A matriculating degree undergraduate without prior college experience. (See the current University of Miami Bulletin for minor exceptions concerning prior experience.)

**New Transfer** - A matriculating degree undergraduate with prior college experience.

**Part-Time Load** - Any semester credit-hour load less than full-time.

**Professional** (Programs) - Law and clinical medicine.

**Readmitted Student** - One who returns to UM after an absence of at least one semester (excluding summer sessions).

**Regular Credit Hours** - Credits assessed at regular tuition rates.

**Regular Faculty** - consists of all faculty having tenured or tenure-earning appointments who hold the rank of Professor, Associate Professor, or Assistant Professor.

**Research Faculty** - consists of those faculty whose major function is to conduct research in the academic units of the University and who hold the rank of Research Professor, Research Associate Professor, or Research Assistant Professor. Research faculty shall not hold tenured or tenure-earning appointments.

**Rosenstiel School** - Rosenstiel School of Marine and Atmospheric Science.

**Special Credit Hours** - Credits not assessed at a regular tuition rate or credits where revenue requires special handling.

**University Faculty** - consists of the President, the Executive Vice President and Provost, the academic deans, the Regular, Research, Librarian, and Educator Faculty.

## **THE UNIVERSITY OF MIAMI MISSION STATEMENT**

The University of Miami's mission is to educate and nurture students, to create knowledge, and to provide service to our community and beyond. Committed to excellence and proud of the diversity of our University family, we strive to develop future leaders of our nation and the world.

### **AN INTRODUCTION TO THE UNIVERSITY OF MIAMI**

#### **History:**

Although many people over a period of years played a role in the establishment of the University of Miami, it was William Jennings Bryan who first promoted the need and stimulated a community planning effort for a university to serve the growing Miami area. In 1925 the University received its charter and in the following year enrolled its first students. On March 18, 1926, Bowman Foster Ashe was named executive secretary and subsequently president of the University by the Board of Regents.

The cornerstone of the Merrick Building, which was to house classrooms and administrative offices, was laid on February 4, 1926, on land donated by George E. Merrick, founder of Coral Gables. Merrick also donated \$5 million to be matched by other sources. When Merrick's donation could not be matched, the work that had begun on the Merrick Building ceased and a decision was made to convert the partially constructed Anastasia Hotel into temporary quarters for the University. In the rush to finish the Anastasia Building before the announced opening of the University in October, cardboard-covered partitions were used to separate rooms, leading to the name "Cardboard College." Construction of the Merrick Building would not resume until 1949, 23 years after it started.

In September, just before the first classes were to begin, the monster hurricane of 1926 swept through South Florida, causing destruction that left the University further in debt. In spite of tremendous adversity, the University managed to open its doors on October 15, 1926, offering programs in the liberal arts and music to 560 students. The School of Law was added in 1928 and the Schools of Business and Education were created in 1929.

The Florida depression that followed the collapse of the real estate market and the national depression that started in 1929 added further financial burdens that brought the survival of the University into question. President Ashe had to resort to borrowing on his personal insurance policy to pay faculty salaries. Still in debt, the University filed a petition for bankruptcy in 1932. Determined to keep the University going, President Ashe and others formed a new corporation, The University of Miami, Inc., and in 1934, at an auction, bought back the University's property for \$15,758.84.

The 1940s were a time of great change at the University. During World War II, President Ashe arranged to have university facilities available for training U.S. Army and British Royal Air Force personnel. In addition, the war gave the University reason to expand its facilities. The Graduate School was created in 1941 and the Marine Laboratory was formally established in 1943. In 1947, shortly after the war ended, the School of Engineering was founded, and the University began the excavation of Lake Osceola.

Growth continued at the University in the 1950s. The School of Medicine, the first to be accredited in the state of Florida, was founded in March of 1952. After President Ashe fell ill and subsequently died in December of 1952, Jay F. W. Pearson was named the second president of UM in January of 1953. President Pearson served in that capacity until 1962. During his tenure, the first computer on the UM campus was installed in the Engineering Building and the Board of Trustees removed all racial barriers from admission policies.

Henry King Stanford became the University's third president on April 18, 1962. The Department of Nursing, which originated as a department in the College of Arts and Sciences, became the School of Nursing in 1968. Also in 1968, with a gift from The Rosenstiel Foundation, the University obtained a deed for 9.7 acres of land on Virginia Key. Shortly after these events, in 1969 the Institute of Marine Science (formerly the Marine Laboratory) became a school and several months later was renamed the Rosenstiel School of Marine and Atmospheric Science. Although continuing education classes had been offered since 1926, the University formally founded the School of Continuing Studies in 1974.

Edward T. Foote II was inaugurated as the University's fourth president in 1981. Under his leadership, the University was selected to shelter a chapter of Phi Beta Kappa, the nation's oldest and most prestigious honor society. Three additional schools were also founded in the eighties: Architecture (1983), the Graduate School of International Studies (1983), and the School of Communication (1985). In 1997, the Graduate School of International Studies was reorganized to offer undergraduate degree programs and was renamed the School of International Studies. President Foote also led a capital campaign that raised over \$500 million, at the time the third largest campaign in American higher education.

Donna E. Shalala became the University's fifth president in 2001. At the time of her inauguration, the University celebrated its 75<sup>th</sup> anniversary. In 2002, the School of International Studies was disestablished and combined with the College of Arts and Sciences. The following year, the School of Continuing Studies was disestablished and its responsibilities were moved into the Division of Enrollments and Continuing Studies. In October 2003, the University announced *Momentum, The Campaign for the University of Miami*, a billion-dollar effort to accelerate progress, empower learning and discovery, and intensify our impact on people in our city, across the country, and around the world, since expanded to \$1.25 billion.

#### **Overview:**

The University is a private not-for-profit institution and has been classified by the Carnegie Commission as a Very High Research University. The University's 11 colleges and schools offer 115 undergraduate, 114 master's, 51 doctoral, and two professional areas of study, including specializations.

#### **Campuses:**

Five UM campuses incorporate 196 University-owned buildings totaling 7.4 million gross square feet on over 500 acres of land.

*Coral Gables:* The Coral Gables campus, which comprises two colleges and seven schools, is located on a 230-acre tract in suburban Coral Gables. It has 125 buildings occupying 4.5 million gross square feet. Since 2000, approximately 815,000 square feet of new facilities have been or are under construction on the Coral Gables campus – the Bank United Center, the Martha and Austin Weeks Music Library and Technology Center, the Fred C. and Helen D. Flipse Building, the David Epstein and Bernie Kosar Faculty Building at the School of Business Administration, the Hecht Athletic Center, the Yaron Field House, Francis L. Wolfson Building at the School of Communication and Cobb Stadium, the Jorge M. Perez Architecture Center, the M. Christine Schwartz Center for Nursing and Health Studies, the School of Communication Student Center, the University Village (the first housing project in over 30 years which contains 800 student beds), and the Pavia, Ponce, Pearson, and University Village parking garages which provide 2,359 spaces. Also added recently to the list of University owned properties is the University Credit Union, the Gables One building, and the Mohker Property (leased by the Credit Union).

*Medical Campus:* The Leonard M. Miller School of Medicine campus consists of approximately 45 acres of owned and leased land within the 100-acre University of Miami/Jackson Memorial Medical Center complex. Other facilities at the medical center, in addition to Jackson Memorial Hospital, include the Miami VA Medical Center and two University-owned hospitals—the University of Miami Sylvester Comprehensive Cancer Center and Anne Bates Leach Eye Hospital, home to Bascom Palmer Eye Institute. Bascom Palmer was ranked the number one hospital in the country for ophthalmology for the fourth year in a row in the 2007 annual survey of “America's Best Hospitals” published in the *U.S. News & World*

*Report;* three other programs at UM/Jackson were also ranked among the best. Miller School of Medicine faculty conduct more than 2,000 research projects aimed at advances in basic science and clinical care in facilities totaling more than two million square feet of owned and leased space, which is currently expanding. The recently opened Clinical Research Building and Wellness Center is home to more than 300,000 additional square feet for clinical research in such areas as pediatrics, clinical pharmacology, and patient safety, and construction is underway on a new 180,000 square foot Biomedical Research Building.

*Rosenstiel School Campus:* The Rosenstiel School of Marine and Atmospheric Science is located on an 18-acre waterfront campus on Virginia Key, Florida, in Biscayne Bay. The campus is part of a 65-acre marine research and education park that includes two U.S. Department of Commerce National Oceanic and Atmospheric Administration (NOAA) research laboratories and the MAST Academy, the Miami-Dade County magnet high school for marine science and technology. The Rosenstiel School is one of the top five marine and atmospheric research and graduate education programs in the U.S. The School also oversees the operation of an archeological field research and education facility on 112 acres at Little Salt Springs, located in North Port, Florida.

*South Campus:* The south campus, located ten miles southwest of Coral Gables, opened in 1986 on a 106-acre site. Its seven buildings provide 58,724 gross square feet for the purpose of conducting research and development projects. In 1997 an additional 30 acres were acquired bringing the total area of the south campus to 136 acres.

*Richmond Campus:* The Richmond campus, established in 2001, is a 76-acre site near south campus. Research facilities for the Rosenstiel School's Center for Southeastern Tropical Advanced Remote Sensing (CSTARS) and Richmond Satellite Operations Center (RSOC) are located on a portion of the new campus.

*Other Facilities:* The City of Miami/University of Miami James L. Knight International Conference Center adjoining the 618-room Hyatt Regency Hotel in downtown Miami houses a 5,000-seat convention hall, two auditoriums, 19 meeting rooms, teleconference, downlink, and internet capabilities. The John J. Koubek Memorial Center located near the heart of Little Havana in Miami includes the historic Koubek mansion, with a seven-classroom annex, computer lab, and a 180-seat auditorium. The gardens of the Koubek Center are also available for parties, receptions, and other events. The University also has a presence at IMG Academies in Bradenton, Florida where English as a Second Language, credit courses, and professional development opportunities are offered.

**Presidents:**

Bowman Foster Ashe	(1926-1952)
Jay F.W. Pearson	(1953-1962)
Henry King Stanford	(1962-1981)
Edward T. Foote II	(1981-2001)
Donna E. Shalala	(2001- )

**Accreditation:**

Institutional membership is maintained with the Commission on Colleges of the Southern Association of Colleges and Schools. In addition, the University of Miami holds accreditation from 23 other professional agencies that recognize specific programs:

- Accreditation Board for Engineering and Technology
- Accrediting Council on Education in Journalism and Mass Communications
- American Assembly of Collegiate Schools of Business - International Association for Management Education
- American Association of Museums
- American Association of Museum Directors
- American Bar Association

American Chemical Society  
 American College of Nurse-Midwives  
 American Medical Association Council on Medical Education and Association of American  
 Medical Colleges, Liaison Committee on Medical Education  
 American Music Therapy Association  
 American Psychological Association  
 Commission on Accreditation for Physical Therapist Education  
 Commission on Accreditation of Healthcare Management Education  
 Commission on Collegiate Nursing Education  
 Commission on English Language Program Accreditation  
 Council on Accreditation of Nurse Anesthesia Educational Programs  
 Council on Education for Public Health  
 Florida Department of Education  
 Florida State Board of Nursing  
 National Architectural Accrediting Board, Inc.  
 National Association for Music Therapy  
 National Association of Schools of Music  
 National Athletic Training Association

### **Faculty and Academic Life:**

Of the full-time regular faculty, 98 percent hold a doctorate or other terminal degree, and 90% of all full-time faculty have a terminal degree. Of the full-time tenure-track faculty who are eligible for tenure, 76 percent are tenured. The student-to-faculty ratio is approximately 12 to 1. Over 50 percent of classes for degree undergraduates have 15 or fewer students; over 75 percent have 25 or fewer students.

### **Freshman Dual Honors Programs:**

UM offers dual-degree and honors programs, combining undergraduate and graduate study in exercise physiology, Latin American studies, law, marine geology, medicine, and physical therapy.

### **New Freshman Standings:**

Over 40% of new freshmen graduated in the top 5% of their high school class, while two-thirds graduated in the top 10% of their high school class. Mean SAT was 1275.

### **Honors Program and Honors Societies:**

Approximately 920 students participate in the Honors Program. The following 50 academic honor societies have chapters at the University:

Alpha Epsilon Delta (Biology)	Chi Epsilon (Civil Engineering)
Alpha Epsilon Lambda (General Scholarship)	Delta Phi Alpha (German)
Alpha Epsilon Rho (Broadcasting)	Eta Kappa Nu (Electrical/Computer Engineering)
Alpha Eta Mu Beta (Biomedical Engineering)	Gamma Sigma Alpha (Academic - Greek)
Alpha Kappa Delta (Sociology)	Golden Key National Honor Society (General Scholarship)
Alpha Kappa Psi (Business)	Honors Students' Association (General Scholarship)
Alpha Lambda Delta (Freshman General Scholarship)	Iron Arrow (General Scholarship/Leadership)
Alpha Omega Alpha (Medicine)	Mortar Board (General Scholarship/Leadership)
Alpha Phi Sigma (Criminology)	Omicron Delta Kappa (General Scholarship/Leadership)
Alpha Pi Mu (Industrial Engineering)	Order of Omega (Leadership)
Alpha Rho Chi (Architecture)	Order of the Coif (Law)
Beta Alpha Psi (Accounting)	Phi Alpha Delta (Pre-Legal)
Beta Beta Beta (Biology)	Phi Alpha Theta (History)

Beta Gama Sigma (Business)  
 Phi Beta Kappa (General Scholarship)  
 Phi Kappa Phi (General Scholarship)  
 Phi Sigma Tau (Philosophy)  
 Pi Delta Phi (French)  
 Pi Kappa Lambda (Music and Music Education)  
 Pi Mu Epsilon (Mathematics)  
 Pi Sigma Alpha (Politics and Public Affairs)  
 Pi Tau Sigma (Mechanical Engineering)  
 Psi Chi (Psychology)  
 Rho Lambda (Leadership)  
 Rho Rho Rho (Marine Science)

Phi Beta Delta (International Scholarship)  
 Sigma Alpha Iota (Music)  
 Sigma Delta Pi (Spanish)  
 Sigma Gamma Epsilon (Geological Sciences)  
 Sigma Pi Sigma (Physics)  
 Sigma Tau Delta (International English)  
 Sigma Theta Tau (Nursing )  
 Tau Beta Pi (Engineering )  
 Tau Beta Sigma (Music)  
 Tau Sigma Delta (Architecture)  
 Theta Alpha Kappa (Religious Studies)  
 Upsilon Pi Epsilon (Electrical & Computer Engineering)

**Greek Fraternities and Sororities:**

Approximately 900 degree undergraduate students are members of the Greek life community. The following 30 fraternities and sororities have chapters at the University:

**Fraternities:**

Alpha Phi Alpha  
 Alpha Sigma Phi  
 Beta Theta Pi  
 Kappa Alpha Psi  
 Kappa Sigma  
 Lambda Chi Alpha  
 Lambda Theta Phi  
 Omega Psi Phi  
 Phi Beta Sigma  
 Phi Delta Theta  
 Phi Iota Alpha  
 Pi Kappa Alpha  
 Sigma Alpha Epsilon  
 Sigma Alpha Mu  
 Sigma Chi  
 Sigma Phi Epsilon  
 Zeta Beta Tau

**Sororities:**

Alpha Delta Pi  
 Alpha Kappa Alpha  
 Delta Delta Delta  
 Delta Gamma  
 Delta Phi Epsilon  
 Delta Sigma Theta  
 Kappa Kappa Gamma  
 Lambda Theta Alpha  
 Sigma Delta Tau  
 Sigma Gamma Rho  
 Sigma Lambda Gamma  
 Zeta Phi Beta  
 Zeta Tau Alpha

**International Education and Exchange Programs:**

80 programs are offered in 34 countries on a full academic year, semester, or summer basis as well as UM faculty-led programs during intersession, spring break, and summer.

**Graduate School Plans:**

Of the May 2007 graduating seniors, 33% reported plans to attend graduate/professional school the following fall.

**Alumni:**

UM alumni live in all 50 states and in 148 foreign countries; over 72,000 reside in Florida, including over 39,800 in Miami-Dade County. There are just over 159,000 alumni in UM's history.

**Sports:**

The Hurricanes compete in Division I of the National Collegiate Athletic Association with seven men's and ten women's sports. In 2004 UM became a member of the Atlantic Coast Conference (ACC) after having previously been a member of the Big East Conference.

Men's competition includes baseball (1982, 1985, 1999, 2001 NCAA champions), basketball (1999-2000 Big East regular season champions), cross country, football (1983, 1987, 1989, 1991, 2001 NCAA champions; 1991-92, 1994-96, 2000-2003 Big East titles), tennis (1943-45, 1987 NCAA singles champions; 1945 and 1970 NCAA doubles champions; 1993-95, 1997-98, 2000-01 Big East team champions), indoor track and field (1998 NCAA individual champion; 1993-2000, 2002-2004 Big East individual champions and 2006 ACC individual champion), and outdoor track and field (1996 NCAA individual champion; 1992-2003 Big East individual champions and 2006 ACC individual champions).

Women's competition includes basketball (1991, 1992 Big East champions), cross country, golf (1970, 1972, 1977, 1978, 1984 national team champions; 1959, 1965, 1972, 1983 national individual champions), rowing, soccer, swimming and diving (1975, 1976 national team champions; 1974-78, 1989, 1999-2000 national individual champions; 1994, 1996-2003 individual Big East champions and 2005 and 2006 ACC individual champions), tennis (1977, 1986 national doubles champions; 1991-93, 1995, 1998, 2000-2002, 2004 Big East team champions, NCAA Elite 8 in 2004 and 2007, NCAA runner-up in 2006, and 2007 individual singles champion), indoor track and field (1992, 1995 NCAA individual champions; 1992, 1995-2003 Big East individual champions, 2005 and 2006 ACC Champions and third at 2005 NCAA Championship), outdoor track and field (1993-95, 1999, and 2006 NCAA individual champions, 1998-1999, 2001-2003 Big East team champions; 1993-2003 Big East individual champions, 2005 and 2006 ACC Champions and 7<sup>th</sup> at 2006 NCAA Meet), and volleyball (2003 NCAA Sweet 16).

**Computing Facilities:**

The Ungar Computing Center (central facility) is equipped with an Enterprise Server and a number of smaller machines. There are over 60 computer labs located in the residential colleges, libraries, schools, and colleges. The university has a campus network, including network connections in each dorm room, with a gateway to national and international networks, Internet, and Internet2. The University has deployed a wireless network on all three main campuses that complements its extensive wired network. myUM is UM's interactive online information source for personalized University-related information including course registration, grades, financial aid and billing, parking, dining, and more.

**Development:**

In FY 07, contributions reached \$180.5 million in total private cash, gifts and grants; and in FY 06, UM ranked 32nd among all U.S. institutions in this category. In January 2006, UM increased the goal of its Momentum Campaign to \$1.25 billion; as of August 2007, \$1.33 billion was raised to support scholarships, chairs, interdisciplinary centers and research initiatives.

**Budget:**

The budget for 2007-08 is \$1.8 billion, with \$1.2 billion projected for the medical campus. At the end of the FY 07 the endowment for the University was \$741 million.

**Degree Programs:**

- Bachelor of Architecture (B.Arch.)
- Bachelor of Arts (A.B.)
- Bachelor of Arts in Music (B.A.M.)
- Bachelor of Business Administration (B.B.A.)
- Bachelor of Fine Arts (B.F.A.)

Bachelor of General Studies (B.G.S.)  
Bachelor of Health Science (B.H.S.)  
Bachelor of Liberal Arts (B.L.A.)  
Bachelor of Music (B.M.)  
Bachelor of Science (B.S.)  
Bachelor of Science in Aerospace Engineering (B.S.A.S.E.)  
Bachelor of Science in Architectural Engineering (B.S.A.E.)  
Bachelor of Science in Biomedical Engineering (B.S.B.E.)  
Bachelor of Science in Civil Engineering (B.S.C.E.)  
Bachelor of Science in Communication (B.S.C.)  
Bachelor of Science in Computer Engineering (B.S.Cp.E.)  
Bachelor of Science in Education (B.S.Ed.)  
Bachelor of Science in Electrical Engineering (B.S.E.E.)  
Bachelor of Science in Engineering Science (B.S.E.S.)  
Bachelor of Science in Environmental Engineering (B.S.En.E.)  
Bachelor of Science in Health Science (B.S.H.S.)  
Bachelor of Science in Industrial Engineering (B.S.I.E.)  
Bachelor of Science in Information Technology (B.S.I.T.)  
Bachelor of Science in Management Science (B.S.M.S.)  
Bachelor of Science in Mechanical Engineering (B.S.M.E.)  
Bachelor of Science in Nursing (B.S.N.)

Artist Diploma (A.D.)  
Master of Architecture (M.Arch.)  
Master of Architecture in Computing (M.A.C.)  
Master of Architecture in Suburb and Town Design (M.A.S.T.)  
Master of Arts (M.A.)  
Master of Arts in Liberal Studies (M.A.L.S.)  
Master of Business Administration (M.B.A.)  
Master of Fine Arts (M.F.A.)  
Master of Laws in Inter-American Law (LL.M.A.)  
Master of Laws in Comparative Law (LL.M.C.L.)  
Master of Laws in Estate Planning (LL.M.E.)  
Master of Laws in International Law (LL.M.I.)  
Master of Laws in Ocean and Coastal Law (LL.M.O.)  
Master of Laws in Real Property Development (LL.M.P.)  
Master of Laws in Taxation (LL.M.T.)  
Master of Music (M.M.)  
Master of Professional Accounting (M.P.Acc.)  
Master of Public Administration (M.P.A.)  
Master of Public Health (M.P.H.)  
Master of Science (M.S.)  
Master of Science in Architectural Engineering (M.S.A.E.)  
Master of Science in Biomedical Engineering (M.S.B.E.)  
Master of Science in Civil Engineering (M.S.C.E.)  
Master of Science in Education (M.S.Ed.)  
Master of Science in Electrical and Computer Engineering (M.S.E.C.E.)  
Master of Science in Industrial Engineering (M.S.I.E.)  
Master of Science in Mechanical Engineering (M.S.M.E.)  
Master of Science in Music Engineering Technology (M.S.M.E.T.)  
Master of Science in Nursing (M.S.N.)  
Master of Science in Physical Therapy (M.S.P.T.)  
Master of Science in Public Health (M.S.P.H.)  
Master of Science in Taxation (M.S.Tax.)

Specialist in Education (Ed.S.)

Specialist in Music Education (M.Spec.)

Doctor of Arts (D.A.)

Doctor of Medicine (M.D.)

Doctor of Musical Arts (D.M.A.)

Doctor of Philosophy (Ph.D.)

Doctor of Philosophy/Doctor of Medicine (Ph.D./M.D.)

Doctor of Physical Therapy (DPT)

Juris Doctor (J.D.)

### **Schools and Colleges:**

*School of Architecture:* The School of Architecture, founded in 1983, offers professionally accredited undergraduate and graduate degrees and post-graduate degrees in suburb and town design and research. Facilities at the School include studio workspace for each student, an architecture reference library linked to university-wide resources, a slide library, the New Urbanism archive, a computer laboratory, a model shop, the Center for Urban and Community Design (CUCD), and the Knight Center for Community Building. More than half of enrolled students participate in study-abroad programs in Europe, Asia, the Caribbean Basin, and Latin America. The School's full-time faculty is complemented by part-time teachers drawn from the professional architecture community and by visiting critics and lecturers from around the world. Among the faculty are founders and participants in the Congress for the New Urbanism, a national movement of urban reform and community design. The faculty includes Distinguished Visiting Professor Vincent Scully and Catherine Lynn, renowned for her work in historic preservation. In addition, Professor Chuck Bohl directs the Knight Program in Community Building, a mid-career fellowship program, which has conducted redevelopment charrettes in five cities across the country. In 2006, the School received a prestigious Charter Award from the Congress for the New Urbanism for our student design of hurricane relief housing. In a recent survey conducted by the CNU's *New Urban News* publication, professionals in noted new urbanist firms ranked the School highest in the "best schools" category. Other awards include the 2007 John Nolen Medal from the Florida chapter of the CNU for contributions to urbanism in Florida, a grant from the James Deering Danielson Foundation to complete a book on the history of Miami-Dade County parks, and a grant from the New Hampshire Foundation to convene a workshop to create a Design Center for the Mississippi Gulf Coast. Architect and town planner Elizabeth Plater-Zyberk, a long time UM faculty member, is dean of the School. She was recently named one of six Distinguished Professors of the University.

*College of Arts and Sciences:* Founded at the University's inception in 1926 and housed in 22 buildings throughout the Coral Gables campus, parts of the medical campus and in the surrounding community, the College of Arts and Sciences enrolls over 4,000 undergraduate and almost 600 graduate students in 20 departments and 9 interdisciplinary programs. Undergraduate students may choose among 48 different majors, and fourteen departments offer graduate degrees in the arts, natural sciences, humanities, and social sciences. Several of the majors available to undergraduates in the College are offered in partnership with other schools at the University. These majors include political science and economics, offered in cooperation with the School of Business, microbiology and biochemistry with the Miller School of Medicine, and musical theatre with the Frost School of Music. Numerous marine-science-related majors are offered in collaboration with the Rosenstiel School of Marine and Atmospheric Science. Degrees offered by the School of Education require a second major from among those offered by the College of Arts and Sciences. Selected freshmen participate in the College's guaranteed admissions programs to one of the University's graduate degree programs in medicine, law, physical therapy, marine geology, and Latin American studies. The faculty of the College teach over half of the total credit hours taken by undergraduate students in all schools and colleges of the University of Miami. Among the over 400 full-time faculty—who teach courses to all undergraduate students at the University—are award-winning teachers and research scholars, recognized nationally and internationally in their disciplines. These include editors of prominent journals, fellows of numerous professional societies, prize-winning creative writers, and members of important government research review and advisory boards. The College also provides arranged community outreach activities, such as student productions at the Jerry Herman Ring Theatre and Alvin Sherman Family Stage; student, faculty, and visiting artist exhibitions in the College of

Arts and Sciences Gallery; volunteer activities in the public schools, Law School clinics, hospitals and community clinics for developmentally disabled children; technology workshops for Miami-Dade public school teachers sponsored through the Modern Languages Laboratory; a series of programs, hosted by the Biology and Psychology Departments and funded by various federal agencies and private foundations, geared to improving the participation of minorities in scientific careers through research opportunities for pre-college and undergraduate students; and career development opportunities for high-school and community-college faculty.

*School of Business:* The School of Business Administration was founded in 1929 and is accredited by the American Assembly of Collegiate Schools of Business. The School offers degrees at the bachelor's, master's and doctoral levels. In addition to the full time master's programs, the M.B.A. program for Executives and Working Professionals, the largest of its kind in the United States, is offered on evenings and Saturdays both on and off campus and is now in its 34<sup>th</sup> year. The School reflects the richness of a culturally diverse international community and provides an environment in which the creation and dissemination of business knowledge flourishes. The School continues to build on its outstanding faculty, to enhance its position as a premier school of business.

*School of Communication:* The School of Communication, founded in 1985, seeks to prepare thinking and responsible communication professionals for a global society. The School currently enrolls approximately 1,240 undergraduates and 130 graduate students with a full-time faculty of 56 scholars and professionals. Major undergraduate programs of study in the School include electronic media and broadcast journalism, print journalism, visual journalism, advertising, public relations, motion pictures, media management, and communication studies. Graduate programs of study at the Master's level include communication studies, public relations, broadcast and print journalism, motion pictures, and a Spanish-language journalism program. In addition, the School offers a doctoral program in communication. Its broad range of student facilities and activities include the free speech "Common Ground" courtyard, a sound stage, digital television and radio studios, broadcast uplink capability, all digital post-production facilities, a moving image archives including over 2000 classic motion pictures, computer and graphics labs, a working news bureau, a multi-media lab, two video conferencing facilities, an audio production lab, a state of the art theater, extensive online resources, and a nationally recognized debate team. In addition the School has placement and career development resources and services that provide excellent opportunities for students to secure professional internships while they are in school and professional positions when they graduate.

*School of Education:* The mission of the School of Education is to "...engage in scholarly research and to prepare leaders in the study and promotion of family, school, and community well-being. Our research, teaching, and service integrate the physical, emotional, intellectual, organizational, and social well-being of diverse populations". Founded in 1929, the SOE houses the departments of educational and psychological studies, exercise and sport sciences, and teaching and learning,.

The Department of Educational and Psychological Studies offers graduate programs in research and statistics, enrollment management, counseling, and counseling psychology. The Department's Ph.D. program in counseling psychology is accredited by the American Psychological Association (APA). The counseling master's degree specialties lead to professional licensure in Mental Health Counseling and Marriage and Family Therapy in Florida, and the Counseling Psychology program leads to licensure as a psychologist.

The Department of Exercise and Sport Sciences offers an undergraduate major in exercise physiology and undergraduate minors in sports medicine, exercise science, sport administration, issues in women's health, and leadership. Master's degree programs are offered in exercise physiology, sports medicine, and sport administration. The Sport Administration master's program is one of the 27 graduate programs in the U.S. approved by the North American Society for Sport Management (NASSM). The Department offers a Ph.D. program in exercise physiology.

The Department of Teaching and Learning offers undergraduate majors in elementary education, special education, and secondary education (including English, social sciences, biology, chemistry and mathematics). All TAL majors require a second affiliated major in the College of Arts and Sciences (CAS). Master's and Educational Specialist degree programs that can lead to appropriate licensures are offered in elementary education, reading and learning disabilities, teaching English to speakers of other languages (TESOL), early childhood special education, and pre-k/primary.

Structured professional internships, professional development schools, and an on-campus technology lab provide students in all majors with outstanding unique experiential learning opportunities.

*College of Engineering:* Founded in 1947, the College of Engineering (CoE) is one of 11 schools or colleges at the University of Miami. The College's most distinctive feature—interdisciplinary programs of study—is the result of its collaborations with several entities both within and outside the University. The biomedical engineering program involves a partnership with the School of Medicine, including a premedical concentration; the architectural engineering program with the School of Architecture; the audio engineering program with the School of Music; and the industrial engineering program with the School of Business Administration. Degrees are offered in aerospace, architectural, biomedical, civil, computer, electrical, environmental, industrial, information technology and software, and mechanical engineering, as well as engineering science. Masters and doctoral degrees are also offered in a variety of areas, with numerous specializations in each field of study. Many of the faculty in the College are involved in research in their respective areas and garnering world-wide recognition. CoE faculty are leading or participating in the Clean Energy Research Institute, the Miami Center on Human Factors and Aging, the Industrial Assessment Center, the A. Burns Center for Supply Chain Management, the Perry Ellis International Logistics Research Institute, the Manufacturing Research Institute, the Biomechanics Research Group, and the Johnson A. Edosomwan Leadership Institute. The College has also been named a Department of Energy Center for Hydrogen Research. In total, the College has some 50 laboratories, all to support and enhance the College's programs in research and education. In a typical academic year, the engineering student body consists of students from approximately 50 different countries and belonging to some 21 honor societies and professional organizations.

*Frost School of Music:* The Frost School of Music, founded in 1926, is one of the largest schools of its kind in a private institution and one of the most comprehensive in all of higher learning. With 80 full-time and 40 part-time faculty, an undergraduate student body of approximately 500 undergraduate students, and 200 graduate students, the School awards the Bachelor of Music degree with majors in 13 areas and the Bachelor of Science in Music Engineering. The Bachelor of Arts in music degree is a non-professional degree designed for talented musicians who wish to pursue a broad liberal arts education. The Master of Music is offered with majors in 19 areas. The Master of Science degree is offered in music engineering technology. The Doctor of Philosophy degree is offered in music education, and the Doctor of Musical Arts degree is offered in nine areas. The School's facilities include the Maurice Gusman Concert Hall and the L. Austin Weeks Center for Recording and Performance, which contains the Victor E. Clarke Recital Hall and a state of the art recording studio, the 28,000 square-foot Austin and Marta Weeks Music Library and Technology Center, which contains six music technology labs, and an array of other facilities. In addition, the Frost School of Music maintains two professional quality recording studios. Many of the School's faculty have gained national and international recognition in their respective fields. Several of the School's premier performing ensembles have won national awards and engage in touring within and outside the United States. The School has exchange programs with the Sibelius Academy in Helsinki, Finland; Buckinghamshire Chilterns University College in Buckinghamshire, England; the Western Australian Academy of Performing Arts at Edith Cowan University in Perth, Australia; and a five-week summer program in Salzburg, Austria. During the academic year the School presents more than 300 forums, student and faculty recitals, concerts, lectures, master classes, and guest artist performances.

As a major educational and cultural resource for South Florida, the Frost School maintains a substantive philosophical and proactive commitment to serving a variety of constituencies by way of its numerous outreach programs, including Festival Miami, The Stamps Family Charitable Foundation Distinguished Visitor Series, Grammy in the Schools: Careers in Music, The Ress Family Hospital Performance Project, Friends of Music, Inc., Honor band and Honor Choir, Honors Music Theatre, Dance

Preparatory, Keyboard for Kids, Strings for Kids, UM MusicTime, Music Education Days, and summer music camps for children and students from 2 months to 19 years old. The School of Music has active student chapters of a number of professional music organizations.

*Graduate School:* The University of Miami first approved courses for graduate work in 1941. In the late 1950s the University initiated study to award the doctorate, and the first degrees at this level were approved in 1959. Currently, graduate student enrollment stands at approximately 3,000. The University and its over 150 masters and doctoral programs are fully accredited by the Southern Association of Colleges and Schools, as well as by a number of other independent accrediting agencies. The faculty of the Graduate School currently consists of over 800 members within the University. The Graduate School sets all policies for graduate education and oversees the quality of graduate programs. Its operation is conducted by the Graduate Council and its standing Graduate Faculty Committees. The mission of the Graduate School is to promote graduate education, scholarship, and research; to support individuals, departments, and programs in the pursuit of excellence; to foster innovation, multidisciplinary, and interdisciplinary activities; and to maintain high ethical and academic standards in graduate studies.

*Law School:* Founded in 1926, the University of Miami School of Law presently enrolls approximately 1,400 candidates for either J.D. or LL.M. degrees and has over 17,400 alumni worldwide. The J.D. program enrolls approximately 1,200 students from more than 365 colleges and universities throughout the United States. Of the entering J.D. students, approximately 44 percent are women, 24 percent are members of minority groups, and 64 percent are from outside Florida. The School offers graduate programs in comparative law, inter-American law, international law, ocean and coastal law, taxation, estate planning, and real property development. The graduate program in comparative law typically enrolls approximately 50 foreign lawyers from 25 or more nations. The School also offers several joint degree programs that combine a J.D. with a Masters in Business Administration, Marine Affairs or Public Health, or an L.L.M. in Tax. The School's renowned faculty includes approximately 70 full-time professors and over 100 distinguished lawyers and judges who serve as adjunct professors. The Law Library is one of the country's leading legal research libraries, with close to 600,000 bound volumes and volume equivalents. It has special collections in taxation, estate planning, ocean law, and foreign and international law, including one of the most comprehensive Latin American and Caribbean collections in the U.S. The School is accredited by the American Bar Association, is a member of the Association of American Law Schools, and has a chapter of the national law student honorary society, the Order of the Coif.

*Medical School:* Though one of the youngest medical schools in the U.S., the University of Miami Leonard M. Miller School of Medicine, founded in 1952, has earned national acclaim for research, clinical care, and biomedical innovations, establishing the University of Miami/Jackson Memorial Medical Center as one of the best in the nation. The school has nearly 1,300 full-time faculty members and an additional 1,300 professionals from the community serving as voluntary faculty in various departments. Along with the M.D. degree, the school offers two specialized B.S./M.D. programs, a combined M.D./Ph.D. program, graduate degrees in nine areas, and continuing medical education courses.

Located north of downtown Miami near the Civic Center in an area recently named the Miami Health District, the school's campus consists of approximately 45-acres of owned and leased land within the 100-acre University of Miami/Jackson Memorial Medical Center complex. Each year the medical school's more than 800 faculty physicians treat one million patient visits in primary care and more than 30 specialties. The University's Bascom Palmer Eye Institute is the top facility in the country for ophthalmic clinical care and research, while the UM/Sylvester Comprehensive Cancer Center treats 3,000 newly diagnosed cancer patients from throughout the United States and Latin America each year.

In addition to the University's two hospitals—University of Miami Hospital and Clinics and Anne Bates Leach Eye Hospital—clinical facilities also are located at Jackson Memorial Hospital, the Miami VA Medical Center, five primary care centers throughout Miami-Dade County, and a half-dozen area hospitals. Other clinical and research programs include the Miami Institute for Human Genomics, the Interdisciplinary Stem Cell Institute, the Comprehensive AIDS Program, the UM/JMH Transplant Institute, The Miami Project to Cure Paralysis, the Diabetes Research Institute, the Mailman Center for Child

Development and many more. Also located in the medical complex is the Louis Calder Memorial Library, the largest medical resource library in South Florida.

Fully accredited by the Liaison Committee on Medical Education of the Association of American Medical Colleges, the Miller School of Medicine is committed to graduating first-rate physicians and leads the nation in establishing innovative curriculum and admissions policies. For example, the Community Clinical Experience Program assigns first-year students to provide care at public health clinics, including a homeless facility. Among the many student activities that reflect the commitment to community service are the various health fairs put on by the Mitchell Wolfson, Sr. Department of Community Service (DOCS) Program. The students and volunteer physicians coordinate events in eight medically underserved communities each year, in addition to coordinating a weekly volunteer clinic in Miami's Little Havana. The DOCS program received the 2007 Health Care Heroes Award from the Greater Miami Chamber of Commerce, and in 1993 the Miller School of Medicine student body received the first-ever Outstanding Community Service Award from the Association of American Medical Colleges.

*School of Nursing and Health Studies:* A tradition of academic leadership and community service has characterized nursing at the University of Miami since 1948, when it became the first collegiate nursing program in South Florida. The School of Nursing and Health Studies is committed to academic excellence, the advancement of nursing and health science professions, and service to society through innovative and socially responsive programs of health education and research. All programs emphasize culturally competent care, which recognizes an individual's unique health beliefs and practices.

The School has offered the master's degree since 1976, and the doctoral program admitted its first students in 1985. In February 2005, the school expanded its curriculum to include UM's Health Science program and changed its name from the School of Nursing to the School of Nursing and Health Studies. Situating the Health Science program at the school enables the University of Miami to integrate course offerings for individuals who wish to work in a variety of health care fields. The School's curriculum includes programs leading to the B.S.N., M.S.N., and Ph.D. in nursing degrees as well as the B.S. in Health Science degree. Nursing programs are accredited by the Commission on Collegiate Nursing Education, Florida State Board of Nursing, American College of Nurse-Midwives, and Council on Accreditation of Nurse Anesthesia Education Programs. The school offers an Accelerated B.S.N. program for individuals who hold undergraduate degrees in other fields and a weekend B.S.N. program for individuals who are already employed as R.N.s. Distance learning and post-baccalaureate certificate programs are offered in key areas such as education, research, and administration. At the graduate level, the School offers a research-based Ph.D. program and M.S.N. programs in the following fields: Nurse Anesthesia, Family Practitioner, Acute Care Practitioner, Women's Health Practitioner, and Nurse Midwifery. Post-master's certificate programs that prepare certified Nurse Practitioners for additional specialty areas are offered in Acute Care, Family Nurse Practitioner, Nurse Midwifery, Women's Health, and Psychiatric Mental Health.

The world-class M. Christine Schwartz Center for Nursing and Health Studies opened on the Coral Gables campus in December 2006. The building offers state-of-the-art classrooms, research facilities, and the International Academy for Clinical Simulation and Research where high-fidelity patient simulation enables to students to improve their clinical and crucial thinking skills prior to interaction with patients. Students obtain clinical experiences in a variety of agencies throughout Miami-Dade, Broward, Palm Beach, and Monroe counties, including hospitals, elementary and secondary schools, primary health care centers, migrant camps, day-care centers, nurse-managed health centers, and health departments. The University of Miami chapter of Sigma Theta Tau, the International Honor Society of Nursing, invites qualified students to join the second largest nursing organization in the United States. Students are also encouraged to join the National Student Nurses Association and the Black Student Nurses Association, which are designed to perpetuate the ideals and aspirations of the nursing profession.

*Rosenstiel School of Marine and Atmospheric Science:* The Rosenstiel School of Marine and Atmospheric Science is one of the leading oceanographic research and education institutions in the nation. Known originally as the University's marine laboratory, it was founded in 1943. It evolved into the Institute for Marine Science in 1961, and eight years later became the Rosenstiel School of Marine and Atmospheric Science within the University of Miami.

The Virginia Key campus has grown to include modern research and teaching facilities, a dedicated academic library, and an internationally recognized Marine Invertebrate Museum. The Rosenstiel School also operates a state-of-the-art catamaran research vessel, the F.G. Walton Smith, and has the first-ever marine and atmospheric laboratory aboard a cruise ship, Royal Caribbean Cruise Lines' *Explorer of the Seas*.

CSTARS (Center for Southeastern Tropical Advanced Remote Sensing) located on the Richmond campus in south Miami-Dade county is the Rosenstiel School's newest facility conducting research with remotely sensed data received from earth-orbiting satellite systems. This state-of-the-art real-time reception and analysis facility provides data for environmental monitoring of the equatorial Atlantic region; northern South America, Central America, the Caribbean Basin, the Gulf of Mexico and the Southeastern United States.

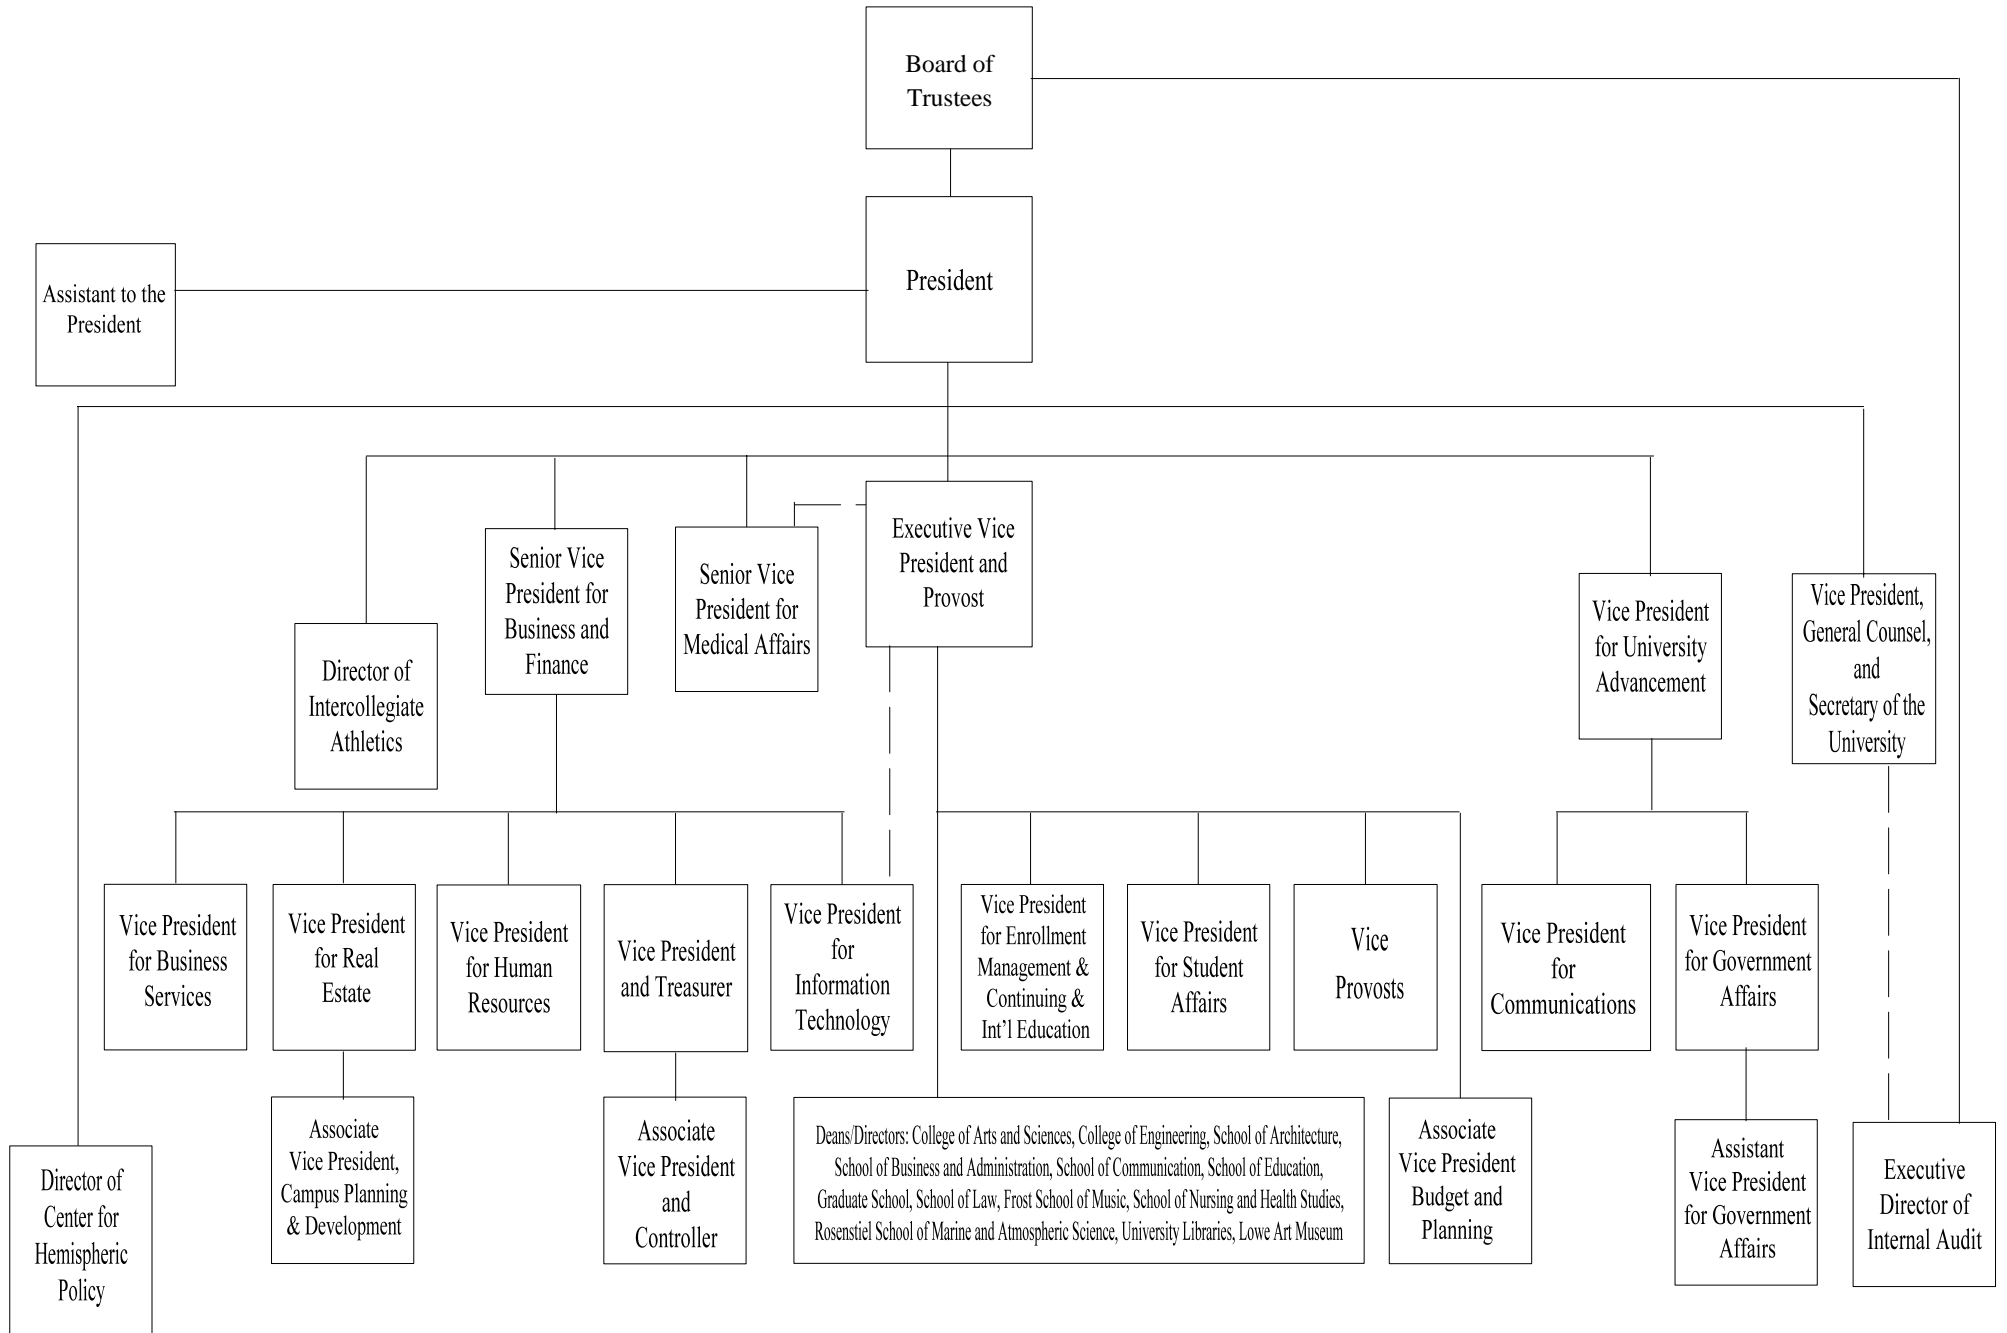

As the only subtropical institute of its kind in the continental United States, the Rosenstiel School's more than 100 faculty members, 215 graduate students, and 250 research support staff comprise a robust academic community. Through excellence in applied and basic marine and atmospheric research and linking these results to policy, the Rosenstiel School sheds light on today's most pressing environmental issues. Scientists and their graduate students at Rosenstiel study a wide range of important topics, many of which relate to the environment and humanity's growing impacts on the natural world. They are at the forefront of research on subjects such as ocean and atmospheric circulation and how they affect the movement of pollutants, global warming, fisheries, coral reefs, sea level change, oceans and human health, marine policy, and hurricane development.

Through course work and research, Rosenstiel School students obtain graduate degrees in applied marine physics, marine affairs and policy, marine and atmospheric chemistry, marine biology and fisheries, marine geology and geophysics, and meteorology and physical oceanography. The division of marine affairs and policy at the Rosenstiel School and the University of Miami School of Law offer a joint degree in law and marine affairs. Upon completion of this program, a student earns a Juris Doctor degree from the School of Law and a Master of Arts degree in marine affairs and policy from the Rosenstiel School. The division of marine affairs and policy also offers an interdisciplinary Master of Science degree with an integrated track in science and policy, providing students with a strong science background the opportunity to build careers in marine resource management.

The Rosenstiel School and the College of Arts and Sciences jointly offer a Bachelor of Arts degree in marine affairs and policy, Bachelor of Science degrees in marine science/biology, marine science/chemistry, marine science/geology, marine science/physics, and meteorology. There are two options leading to a B.S. in meteorology: a double-major in meteorology and applied mathematics, or a meteorology major with a math minor and one additional minor selected from chemistry, physics, computer science, or biology. In addition to the traditional bachelor degree programs, the Rosenstiel School and the College of Arts and Sciences now offer a five-year Bachelor of Arts/Master of Arts in marine affairs and policy and a five-year Bachelor of Science/Master of Science in geological sciences/marine geology. Undergraduate students in these programs have opportunities to participate in research projects at the Rosenstiel School, working alongside world-class scientists in state-of-the-art laboratories and in the field.

Cutting-edge research and education at the Rosenstiel School is supported through grants from government agencies and private organizations, as well as innovative partnerships and individual donations. Graduate students are an integral part of the research effort, and research programs, many of which are multidisciplinary in nature and provide a dynamic environment for collaboration among professors and students.

<b>Operating Expenses</b>	<b>\$19,943,307</b>	<b>\$21,201,158</b>	<b>\$22,591,912</b>	<b>\$23,022,170</b>	<b>\$25,933,145</b>	<b>30%</b>

*Note: Data are for all University libraries, including the Richter Library and libraries in the Schools of Architecture, Business, Law, Medicine, Music, and the Rosenstiel School of Marine and Atmospheric Science, and in the department of Mathematics.*

<sup>1</sup> Includes both print and electronic book titles.

<sup>2</sup> Current Serials do not include electronic journal titles.

<sup>3</sup> E-Books are electronic publications, including reference books, multi-volume sets, monographs and other non-serial books that are digitally converted for electronic distribution, primarily over the World Wide Web.

<sup>4</sup> E-journals are full-text serial publications either wholly received in electronic format or the electronic equivalent of the print version.

<sup>5</sup> Bibliographic databases are electronic services that contain bibliographic information and/or article abstract summaries or full-text material accessible within the service.

<b>Total Undergraduate Budget</b>							
Tuition, Fees, Charges & Expenses <sup>3</sup>	\$37,796	\$39,700	\$41,764	\$44,122	\$46,472	5%	23%

<sup>1</sup> *Mandatory fees for Undergraduates include Student Activity (\$234), Athletic (\$104), and Wellness (\$258) fees. For full-time undergraduates, Health Center, Counseling Center, University Center, and all course-related fees are included in the tuition. A health insurance fee is automatically charged to all new students, but students with comparable insurance coverage may request a waiver.*

<sup>2</sup> *The increase in mandatory fees for Medicine starting in 2005 covers student health and wellness services. In 2008 the Wellness Center fee of \$400 was added, but the Student Health fee was reduced from \$460 to \$260, leading to a net increase of \$200.*

<sup>3</sup> *Room and board charges included in the Total Undergraduate Budget are based on double occupancy in the residential college and the 20-meal plan.*

\* NSF obligations are not reported by UM. Information is obtained by NSF from other governmental agencies. Obligations represent the amount of orders placed, contracts awarded, services rendered, and similar transactions during a given period, regardless of when the funds were appropriated and when future payment of money is required. Obligations differ from expenditures in that funds allocated by federal agencies during one fiscal year may be spent by the recipient institution either partially or entirely during one or more subsequent years.

\*\* The total cost given in the awards above is the sum of the direct and indirect costs for each fiscal year, and not for the life of the project. Fiscal year is based on NIH fiscal year, not UM's fiscal year.
