GLOSSARY

Academic Year - Fall and Spring semesters and subsequent Summer session(s) (starting in AY14 there is only one Summer session; prior to AY 14 there were two Summer sessions).

Associated Faculty - All faculty with professorial titles prefixed by “Voluntary,” “Adjunct,” “Visiting,” or “Affiliated,” and all Lecturers.

CIP Codes - The Classification of Instructional Programs developed by the National Center for Education Statistics “to create a standard terminology to guide the reporting of data.”

Degree Program - An academic program leading to a degree.

Degree Student - One enrolled in a degree program.

Doctoral-Research/Scholarship – A Ph.D. or other doctor's degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree include Ed.D. and D.M.A.

Doctoral-Professional Practice – A doctoral degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees were formerly classified as “first-professional” and include: law (J.D.), medicine (M.D.), physical therapy (D.P.T.), and practical nursing (D.N.P.).

DUG - Degree undergraduate (student).

Educator Faculty - Consists of i) Instructors and ii) those faculty with professorial titles engaged primarily in professional practice and in teaching associated with that practice. Educator faculty shall not hold tenured or tenure-earning appointments.

Entering Students - Includes new freshmen, new transfers, and entering graduate/professional students.

Fall-to-Fall Retention Rate - The percent of full-time Bachelor's degree-seeking students enrolled at benchmark in one fall who re-enroll or graduate by benchmark of the next fall. New freshmen and new transfer cohorts include new students in the previous summer who enroll in the fall.

FTE - Full-time equivalent. For a full-time student, the FTE is equal to 1.0. For a part-time student, the FTE is equal to the student's credit load divided by his/her appropriate full-time load (see below).

Full-Time Load - For fall and spring semesters: 12 semester hours for all undergraduates, 9 for graduate students, 6 for Graduate Online Students, 11 for all Law School students, and 8 or more for clinical medical students. A doctoral student taking any dissertation credit or a master's student taking any thesis credit is considered full-time, regardless of the number of dissertation or thesis hours taken. A student taking a course flagged as full-time is considered full-time, regardless of his/her total credit load.

Graduate (Programs) - All post-baccalaureate work, including law school and clinical medicine.

Graduation Rate - Based on the IPEDS GRS methodology; cohort is degree-seeking students who enrolled for the first time in college either in the fall or in one of the two preceding summer sessions and who were enrolled full-time in that fall. Graduation rates are the percent of the cohort who earned a degree by time indicated (time to degree is through August 31st of degree year).

Headcount - The number of enrolled students, as of benchmark, regardless of their individual credit load.

Home School - Primary UM school or college of student

International Programs - Courses taught outside the U.S. under the auspices of the University of Miami.

Librarian Faculty - Consists of those faculty serving in the libraries of the University who hold the rank of Librarian Professor, Librarian Associate Professor, or Librarian Assistant Professor and who perform normal professional duties in the libraries, but are not required to undertake scholarly research. Librarian faculty shall not hold tenured or tenure-earning appointments.

NDUG - Non-degree undergraduate (student, including Undergraduate Certificate student.)

New Freshman – A degree seeking undergraduate student without prior college experience, enrolled in the fall term. Students enrolled for the first time in the prior summer session, are included in the Fall new freshman count.

New Transfer – A degree seeking undergraduate student with prior college experience, enrolled in the fall term. Students enrolled, who transferred in the prior summer session, are included in the Fall new transfer count.

Part-Time Load - Any semester credit-hour load less than full-time.

Readmitted Student - One who returns to UM after an absence of at least one semester (excluding summer sessions).

Regular Faculty - Consists of all faculty having tenured or tenure-earning appointments who hold the rank of Professor, Associate Professor, or Assistant Professor.

Research Faculty - Consists of those faculty whose major function is to conduct research in the academic units of the University and who hold the rank of Research Professor, Research Associate Professor, or Research Assistant Professor. Research faculty shall not hold tenured or tenure-earning appointments.

Rosenstiel School - Rosenstiel School of Marine and Atmospheric Science.

Teaching School – UM school or college of instructor

University Faculty - Consists of the President, the Executive Vice President and Provost, the academic deans, the Regular, Research, Librarian, and Educator Faculty.

THE UNIVERSITY OF MIAMI MISSION STATEMENT

The University of Miami's mission is to transform lives through education, research, innovation, and service.

We are committed to freedom of inquiry – freedom to think, to question, to criticize, and to dissent. We will pursue excellence in our research and education missions with the single-mindedness that marks great commitments. We will prepare our students for rewarding lifelong careers and will instill in them a continued and permanent dedication to the search for knowledge and the search for truth. We will provide them with the foundation for ethical citizenship and service to others, a respect for differences among people, and a commitment to high standard of thought and communication. We will provide service to our community and beyond, including the delivery of high-quality compassionate care through an academic health system. We will strive to transform the world in positive ways through innovative education, impactful research and scholarship, and the translation of knowledge into solutions.

Founded in 1925 by a group of Miami citizens who believed that an institution of higher learning was necessary for the development of their young and growing community, the University has matured into a major research university and academic health system. Located within one of the most dynamic and multicultural cities in the world, the University is a distinctive community with a variety of races, ethnicities, customs, genders, and faiths. Its geographical location uniquely positions the University to be both local and global in outlook and outreach.

We aspire at the University of Miami: to be a global university with an intentional hemispheric strategy, pursuing inclusive engagement as a bridge across the Americas to the rest of the world to be an excellent university, striving to achieve the highest standards of performance in every aspect of our work; to be a relevant university, connecting scholarship to real-world solutions; and to be an exemplary university, offering a model to society through the steadfast achievement of our mission.

AN INTRODUCTION TO THE UNIVERSITY OF MIAMI

History:

Although many people over a period of years played a role in the establishment of the University of Miami, it was William Jennings Bryan who first promoted the need and stimulated a community planning effort for a university to serve the growing Miami area. In 1925 the University received its charter and in the following year enrolled its first students. On March 18, 1926, Bowman Foster Ashe was named executive secretary and subsequently president of the University by the Board of Regents.

The cornerstone of the Merrick Building, which was to house classrooms and administrative offices, was laid on February 4, 1926, on land donated by George E. Merrick, founder of Coral Gables. Merrick also donated \$5 million to be matched by other sources. When Merrick's donation could not be matched, the work that had begun on the Merrick Building ceased and a decision was made to convert the partially constructed Anastasia Hotel into temporary quarters for the University. In the rush to finish the Anastasia Building before the announced opening of the University in October, cardboard-covered partitions were used to separate rooms, leading to the name "Cardboard College." Construction of the Merrick Building would not resume until 1949, 23 years after it started.

In September, just before the first classes were to begin, the monster hurricane of 1926 swept through South Florida, causing destruction that left the University further in debt. In spite of tremendous adversity, the University managed to open its doors on October 15, 1926, offering programs in the liberal arts and music to 560 students. The School of Law was added in 1928 and the Schools of Business and Education were created in 1929.

The Florida depression that followed the collapse of the real estate market and the national depression that started in 1929 added further financial burdens that brought the survival of the University into question. President Ashe had to resort to borrowing on his personal insurance policy to pay faculty salaries. Still in debt, the University filed a petition for bankruptcy in 1932. Determined to keep the University going, President Ashe and others formed a new corporation, The University of Miami, Inc., and in 1934, at an auction, bought back the University's property for \$15,758.84.

The 1940s were a time of great change at the University. During World War II, President Ashe arranged to have University facilities available for training U.S. Army and British Royal Air Force personnel. In addition, the war gave the University reason to expand its facilities. The Graduate School was created in 1941 and the Marine Laboratory was formally established in 1943. In 1947, shortly after the war ended, the School of Engineering was founded, and the University began the excavation of Lake Osceola.

Growth continued at the University in the 1950s. The School of Medicine, the first to be accredited in the state of Florida, was founded in March of 1952. After President Ashe fell ill and subsequently died in December of 1952, Jay F.W. Pearson was named the second president of UM in January of 1953. President Pearson served in that capacity until 1962. During his tenure, the first computer on the UM campus was installed in the Engineering Building and the Board of Trustees removed all racial barriers from admission policies.

Henry King Stanford became the University's third president on April 18, 1962. The Department of Nursing, which originated as a department in the College of Arts and Sciences, became the School of Nursing in 1968. Also in 1968, with a gift from The Rosenstiel Foundation, the University obtained a deed for 9.7 acres of land on Virginia Key. Shortly after these events, in 1969 the Institute of Marine Science (formerly the Marine Laboratory) became a school and several months later was renamed the Rosenstiel School of Marine and Atmospheric Science. Although continuing education classes had been offered since 1926, the University formally founded the School of Continuing Studies in 1974.

Edward T. Foote II was inaugurated as the University's fourth president in 1981. Under his leadership, the University was selected to shelter a chapter of Phi Beta Kappa, the nation's oldest and most prestigious honor society. Three additional schools were also founded in the eighties: the School of Architecture (1983), the Graduate School of International Studies (1983), and the School of Communication (1985). In 1997, the Graduate School of International Studies was reorganized to offer undergraduate degree programs and was renamed the School of International Studies. President Foote also led a capital campaign that raised over \$500 million, at the time the third largest campaign in American higher education.

Donna E. Shalala became the University's fifth president in 2001 and served 14 years until stepping down on June 1, 2015. At the time of her inauguration, the University celebrated its 75th anniversary. In 2002, the School of International Studies was combined with the College of Arts and Sciences. The following year, the School of Continuing Studies and its responsibilities were moved into the Division of Enrollments and Continuing Studies. In October 2003, the University announced *Momentum, The Campaign for the University of Miami*, a billion-dollar effort to accelerate progress, empower learning and discovery, and intensify our impact on people in our city, across the country, and around the world. In January 2006 the goal was increased to \$1.25 billion, and by the close of the campaign raised \$1.4 billion. In 2007, the University purchased Cedars Medical Center, a 560-bed facility located in the Miami Health District just across from the Miller School of Medicine, and it was renamed University of Miami Hospital. That same year the University of Miami Health System (UHealth) was launched. In 2012, the University announced the launch of *Momentum2: The Breakthrough Campaign for the University of Miami*, which raised a towering \$1.6 billion a year ahead of schedule by May of 2015, transforming the face of the University yet again with new buildings and labs, scholarships for students who might not otherwise be able to attend college, and a brand-new group of talented and ambitious researchers and scholars with the knowledge to not only study global problems, but also solve them.

Dr. Julio Frenk, a noted leader in global public health and a renowned scholar and academic, was named the sixth president of the University of Miami in April 2015. He assumed his post on August 16, 2015, and during his first 100 days on campus launched an inclusive listening exercise, inviting students, faculty, staff, alumni, donors, and community leaders to share their ideas about the University of Miami and its future. That exercise led to the development of a comprehensive strategic plan, Roadmap to our New Century, which will guide the University down new avenues of opportunity and across new geographic and intellectual borders, while ensuring a sustainable platform for success. The University embarked on a new approach to research in the basic and applied sciences by announcing the Frost Institute of Chemistry and Molecular Sciences as the first of the Frost Institutes for Science and Engineering. Funded by a landmark \$100 million gift from longtime supporters Phillip and Patricia Frost, the Frost Institutes will encompass a cluster of cross-disciplinary institutes focused on problem-based discovery.

The Lennar Foundation Medical Center, the new Coral Gables campus location of UHealth, opened in 2016. The 206,000 -square-foot diagnostic and treatment center provides the local community more convenient access to world-class medical care provided by UM physicians and specialists.

Overview:

The University is a private not-for-profit institution and has been classified by the Carnegie Commission as a Doctoral University with Highest Research Activity (R1). The University's 11 colleges and schools offer the following areas of study: 138 bachelors, 144 masters, 2 specialists, 68 doctoral (64 research/scholarship and 4 professional practice).

Campuses and Facilities:

Three UM campuses and other facilities incorporate over 200 University-owned buildings totaling over 11.9 million gross square feet on over 500 acres of land.

Coral Gables: The Main campus, located on 239-acres in suburban Coral Gables, houses two colleges and seven schools with 118 buildings totaling 5,250,598 gross square feet (GSF) of academic facilities and 1,359,759 GSF in structured parking.

Several new facilities have opened on the Coral Gables campus – The School of Nursing Simulation Hospital, a state of the art facility for student interactions with simulated patients in a hospital setting, the Thomas P. Murphy Design Studio Building that provides classroom space and design studios for the School of Architecture, and the Carol Soffer Football Indoor Practice Facility allowing year-round football practice.

Projects under construction include new Student Housing expected to open in 2020 with 1,100 beds for students and multipurpose indoor and outdoor spaces for enhanced campus living and learning experiences, and the Counseling and the Academic Resource Center that will provide resources to help students achieve success and reach their potential.

Several new facilities are in the early planning stages for Arts and Sciences with a new Science and Engineering building and a new performance and practice recital hall for the School of Music. The second phase of Student Housing is also in the planning stages.

Medical Campus: The Leonard M. Miller School of Medicine campus consists of 72 acres within the 153-acre University of Miami/Jackson Memorial Medical Center. The medical campus includes the University of Miami Health System (UHealth), which is comprised of Sylvester Comprehensive Cancer Center, Bascom Palmer Eye Institute, and UHealth Tower, operating within the University of Miami Hospital and Clinics (UMHC). Affiliated hospitals include Jackson Memorial Hospital, Holtz Children's Hospital, the Miami Veterans Affairs Medical Center and the multiple partner hospitals that comprise the Miller School's Regional Medical Campus. About three dozen UHealth outpatient clinics are located in Miami-Dade, Broward, and Palm Beach and Collier counties. The Lennar Foundation Medical Center, a 206,000-square-foot multispecialty ambulatory care facility, opened on UM's Coral Gables campus in December of 2016. Miller School faculty conduct more than 1,800 research projects and UHealth physicians have more than 2 million patient encounters each year

Rosenstiel School Campus: The Rosenstiel School of Marine & Atmospheric Science is one of the leading oceanographic research and education institutions in the nation. Located on an 18-acre waterfront campus on Virginia Key in Biscayne Bay, the School's main campus is part of a 65-acre marine research and education park that includes two U.S. Department of Commerce National Oceanic and Atmospheric Administration (NOAA) research laboratories and the MAST Academy, the Miami-Dade County magnet high school for marine science and technology. Recently, we improved the infrastructure on our Virginia Key campus with the addition of our new 86,000 square-foot Marine Technology and Life Sciences Seawater Complex. The complex includes the one-of-a-kind Alfred C. Glassell Jr. SURge-STructure-Atmosphere-INteraction (SUSTAIN) building capable of simulating 3-D wind-wave flow and surge produced by Category 5 hurricane force winds in complex coastal conditions. The Marine Life Sciences building, also located within the complex, provides a dedicated space for the study of marine animals, the critical connections between oceans and human health and the impacts of evolving climate on marine organisms and ecosystems. This complex was made possible thanks to a federal grant from the National Institute of Standards and Technology (NIST), in addition to generous gifts. The Rosenstiel School operates CSTARS (Center for Southeastern Tropical Advanced

Remote Sensing) located on Richmond Facility in south Miami-Dade County, which conducts research with remotely sensed data received from earth-orbiting satellite systems. Our research, education and outreach infrastructure is strengthened by the acquisition of Broad Key, a 63-acre island located in the Florida Keys. The facility provides our students and a cadre of our world-class scientists with an ideal platform to launch field courses and conduct research that will help us to better understand Florida's complex marine ecosystems.

Richmond Facility: The Richmond Facility, established in 2001, is a 76-acre site that houses research facilities for the Rosenstiel School's Center for Southeastern Tropical Advanced Remote Sensing (CSTARS) and Richmond Satellite Operations Center (RSOC).

Presidents:

Bowman Foster Ashe	(1926-1952)
Jay F.W. Pearson	(1953-1962)
Henry King Stanford	(1962-1981)
Edward T. Foote II	(1981-2001)
Donna E. Shalala	(2001-2015)
Julio Frenk	(2015-)

Accreditation:

Institutional membership accreditation is maintained with Southern Association of Colleges and Schools Commission on Colleges. In addition, the University of Miami holds accreditation from 19 other professional agencies that recognize specific programs:

Accreditation Board for Engineering and Technology Engineering Accreditation Commission (ABET-EAC)
Accreditation Council for Graduate Medical Education (ACGME)
American Bar Association (ABA)
American Dental Association Commission on Dental Accreditation (ADA-CODA)
American Music Therapy Association (AMTA)
American Physical Therapy Association Commission on Accreditation in Physical Therapy Education (APTA-CAPTE)
American Psychological Association (APA)
Association to Advance Collegiate Schools of Business International (AACSB Intl)
Commission on Accreditation of Athletic Training Education (CAATE)
Commission on Accreditation of Healthcare Management Education (CAHME)
Commission on Accreditation of Medical Physics Education Programs, Inc. (CAMPEP)
Commission on Collegiate Nursing Education (CCNE)
Commission on English Language Program Accreditation (CEA)
Council on Accreditation of Nurse Anesthesia Educational Programs (COA)
Council on Education for Public Health (CEPH)
Florida Department of Education (FDOE)
Liaison Committee on Medical Education (LCME)
National Architectural Accrediting Board, Inc. (NAAB)
National Association of Schools of Music (NASM)

Faculty and Academic Life:

Of the full-time regular faculty, 97% hold a doctorate or other terminal degree, and 83% of all full-time faculty have a terminal degree. Of the full-time tenure-track faculty who are eligible for tenure, 80% are tenured. The student-to-faculty ratio is approximately 12 to 1. Fifty percent of classes for degree undergraduates have 16 or fewer students; 75% have 26 or fewer students.

Dual-Degree Programs:

UM offers dual-degree programs, combining undergraduate and graduate study, in biochemistry & molecular biology, exercise physiology, Latin American studies, law, and marine geology. For more information on these programs please visit our website at: www.miami.edu/dualdegree.

New Freshman Standings:

Out of those reporting a high school rank, 36% graduated in the top 5% and 55% graduated in the top 10%. Mean ACT is 31 and SAT is 1340*.

*Mid-range mean based on official SAT component scores reported to external entities (incl. IPEDS, CDS, US News, etc.)

Study Abroad:

Students can apply their financial aid and scholarship to semester programs, including UM semesters on location in Buenos Aires, Argentina; Prague, Czech Republic; Paris, France; Rome, Italy; Galapagos Islands, Ecuador; Cape Town, South Africa; Shanghai, China; and Manipal, India, as well as exchange-partner programs in over 35 countries. UM faculty-led study abroad programs take place during intersession, spring break, and summer.

Alumni:

UM alumni live in all 50 states and 154 countries. Over 97,265 reside in Florida, including over 52,085 in Miami-Dade County. There are over 206,806 alumni in UM's history.

Honors Program and Honors Societies:

Over 800 undergraduates participate in the Foote Fellows Honors Program. The following 44 academic honor societies have chapters at the University:

Alpha Epsilon Delta (Pre-Med)	National Society of Collegiate Scholars
Alpha Epsilon Rho (Electronic Media)	Omicron delta epsilon
Alpha Eta Mu Beta (Biomedical Engineering)	Omicron Delta Kappa (General Scholarship)
Alpha Kappa Delta (Sociology)	Order of the Coif
Alpha Lambda Delta (Freshmen General Scholarship)	Phi alpha theta
Alpha Omega Alpha	Phi Beta Kappa (General Scholarship)
Alpha Phi Sigma (Criminology)	Pi delta phi
Alpha Rho Chi (Architecture)	Pi Kappa Lambda (Music and Music Education)
Beta Alpha Psi (Accounting)	Pi Lambda Theta (Education)
Beta Beta Beta (Biology)	Pi Sigma Alpha (Political Science)
Beta Gamma Sigma (Business)	Pi Tau Sigma (Mechanical and Aerospace Engineering)
Chi Epsilon (Civil, Architectural and Environmental Engineering)	Psi Chi (Psychology)
Chi Epsilon Pi (Meteorology)	Rho Lambda
Eta Kappa Nu (Electrical and Computer Engineering)	Rho Rho Rho (Marine Science)
Eta Sigma Phi (Classics)	Sigma Alpha Iota – Sigma Chi
Gamma Kappa Alpha	Sigma Delta Pi (Spanish)
Golden Key (General Scholarship)	Sigma Gamma Epsilon (Geological Sciences)
Honors Students' Association (General Scholarship)	Sigma Pi Sigma (Physics)
Iota Tau Alpha – Athletic Training	Sigma Tau Delta (International English)
Iron Arrow	Sigma Theta Tau (Nursing)
Mortar Board (General Scholarship)	Tau Beta Pi (Engineering)
	Tau Beta Sigma
	Theta Alpha Kappa (Religious Studies)

Greek Fraternities and Sororities:

Approximately 1,940 degree undergraduate students are members of the Greek Life community, including upper-class new members. Because the University defers membership in a sorority or fraternity for first-year students until after the student has earned at least 12 hours of academic credit, first-year students are not included in this count. The following 27 fraternities and sororities have chapters at the University:

Fraternities:

Alpha Epsilon Pi
 Alpha Phi Alpha
 Alpha Sigma Phi
 Beta Theta Pi
 Delta Epsilon Psi
 Kappa Alpha Psi
 Kappa Sigma
 Lambda Chi Alpha
 Omega Psi Phi
 Phi Delta Theta
 Pi Kappa Alpha
 Pi Kappa Phi
 Sigma Alpha Epsilon
 Sigma Alpha Mu
 Sigma Chi
 Sigma Phi Epsilon
 Zeta Beta Tau

Sororities:

Alpha Delta Pi
 Chi Omega
 Delta Delta Delta
 Delta Phi Epsilon
 Delta Sigma Theta
 Lambda Theta Alpha
 Sigma Delta Tau
 Sigma Lambda Gamma
 Zeta Phi Beta
 Zeta Tau Alpha

Sports:

The Hurricanes compete in Division I of the National Collegiate Athletic Association with eight men's and 10 women's sports. In 2004 UM became a member of the Atlantic Coast Conference (ACC) after having previously been a member of the BIG EAST Conference.

Men's competition includes baseball (1982, 1985, 1999, 2001 NCAA champions), basketball (NCAA appearances in 1960, 1998-2000, 2002, 2008, 2013, 2016-18; Sweet 16 in 2000, 2013, 2016), cross country, diving, football (1983, 1987, 1989, 1991, 2001 national champions), tennis (1943-1945, 1987 NCAA singles champions; 1945 & 1970 NCAA doubles champions; 27 NCAA appearances since 1977 including Sweet 16 in 2009), indoor track and field (1998 NCAA individual champion; 2006-2011, 2013-2015 ACC individual champions), and outdoor track and field (1996 NCAA individual champion; 2006-2008, 2010-2014, 2016 ACC individual champions).

Women's competition includes basketball (13 NCAA appearances), cross country, golf (1982-89, 1990-92, 2016, 1984 national team champions; 1959, 1965, 1972, 1983 national individual champions), rowing, soccer (NCAA appearances in 2001, 2007-2008, 2011-2012), swimming and diving (1975-1976 national team champions; 1974-1978, 1989, 1999-2000, 2008 and 2011 national individual champions; 2005-2006 and 2012 ACC individual champions), tennis (NCAA doubles runner-up in 1988; 1977, 1986 national doubles champions; NCAA Elite Eight in 1982, 1984-1986, 2004, 2006-2007, 2009-2013; NCAA individual singles runner-up in 2009; 2007 individual singles champion), indoor track and field (1992, 1995, 2005, 2007-2009 and 2017 NCAA individual champions; 2005, 2006, 2016, 2017 ACC Champions, and third at 2005 NCAA Championship), outdoor track and field (1993-1995, 1999, 2004-2006, 2008-2009, 2011 NCAA individual champions; 2005, 2006 and 2018 ACC Champions & 7th at 2006 NCAA Meet), & volleyball (2002 NCAA Sweet 16, nine NCAA tournament appearances).

Computing Facilities:

The University of Miami (UM) computing facilities host enterprise and departmental systems in support of academic, clinical, and research initiatives, including email, web hosting, distributed file systems, cloud computing and storage, and high-performance computing systems. There are over 60 computer labs located in the residential colleges, libraries, schools, and colleges. The University provides pervasive indoor and outdoor wireless network coverage for faculty, students, and staff throughout the Coral Gables, Miller School (Medical), and Rosenstiel campuses for access to University systems and the Internet. UM's network infrastructure supports over 46,000 devices connected to the wired network, and over 150,000 unique wireless devices (including guests) on a monthly basis.

Since its inception in 2007, UM's Center for Computational Science (CCS) has rapidly emerged as a leading center providing a cyber-infrastructure that addresses major research challenges. To date, more than 1,500 University of Miami faculty, students, and research staff have collaborated with CCS on a diverse, and often interdisciplinary, set of projects — many funded by highly competitive research grants. CCS provides extraordinary intellectual, hardware,

and software resources to our partners across the entire University, and beyond, including national and international partners who work in fields such as: smart cities, big data analytics, precision medicine, climate change and environmental hazards, computational economics, and social systems informatics, to name a few.

With expertise in nine focus areas: Advanced Computing, Big Data Analytics & Data Mining, Climate & Environmental Hazards, Computational Biology & Bioinformatics, Drug Discovery, Social Systems Informatics, Software Engineering, Visualization, and our newest focus area: Smart Cities, CCS enables the effective and efficient dissemination of information, and offers high-level data management and the creation of custom software solutions. Recognizing the central role of an ever-growing body of data, CCS supports a very large state-of-the-art data storage system. “Pegasus,” our largest supercomputer, has already provided over 40 million CPU hours to research projects, with a utilization rate near 85%.

Development:

In FY18, contributions reached \$180.1 million in total private cash, gifts, and grants. In FY17, UM ranked 36th among the research, doctoral, masters, liberal arts, and specialized private and public universities reporting to the Council for Aid to Education.

Budget:

The budget for 2018-19 is \$3.4 billion, with \$2.6 billion projected for the medical campus. At the end of FY18 the endowment for the University was \$1,021.5 million.

Degree Awarded:

Bachelor of Architecture (B.Arch.)
Bachelor of Arts (A.B.)
Bachelor of Arts in Marine Affairs (B.A.M.A.)
Bachelor of Arts in Music (B.A.M.)
Bachelor of Business Administration (B.B.A.)
Bachelor of Fine Arts (B.F.A.)
Bachelor of General Studies (B.G.S.)
Bachelor of Liberal Arts (B.L.A.)
Bachelor of Music (B.M.)
Bachelor of Science (B.S.)
Bachelor of Science in Aerospace Engineering (B.S.A.S.E.)
Bachelor of Science in Architectural Engineering (B.S.A.E.)
Bachelor of Science in Athletic Training (B.S.A.T.)
Bachelor of Science in Biomedical Engineering (B.S.B.E.)
Bachelor of Science in Business Administration (B.S.B.A.)
Bachelor of Science in Civil Engineering (B.S.C.E.)
Bachelor of Science in Communication (B.S.C.)
Bachelor of Science in Computer Engineering (B.S.Cp.E.)
Bachelor of Science in Education (B.S.Ed.)
Bachelor of Science in Electrical Engineering (B.S.E.E.)
Bachelor of Science in Engineering Science (B.S.E.S.)
Bachelor of Science in Environmental Engineering (B.S.En.E.)
Bachelor of Science in Exercise Physiology (B.S.Ex.P.)
Bachelor of Science in Health Science (B.S.H.S.)
Bachelor of Science in Industrial Engineering (B.S.I.E.)
Bachelor of Science in Marine and Atmospheric Science (B.S.M.A.S.)
Bachelor of Science in Mechanical Engineering (B.S.M.E.)
Bachelor of Science in Nursing (B.S.N.)
Bachelor of Science in Public Health (B.S.P.H.)

Artist Diploma (A.D.)
Master of Accounting (M.A.C.C.)
Master of Architecture (M.Arch.)
Master of Arts (M.A.)

Master of Arts in Anthropology (M.A.A.)
 Master of Arts in Economics (M.A.E.)
 Master of Arts in Liberal Studies (M.A.L.S.)
 Master of Business Administration (M.B.A.)
 Master of Construction Management (M.C.M.)
 Master of Fine Arts (M.F.A.)
 Master of Health Administration (M.H.A.)
 Master in International Business Studies (M.I.B.S.)
 Master of Laws in Inter-American Law (LL.M.A.)
 Master of Laws in Comparative Law (LL.M.C.L.)
 Master of Laws in Entertainment, Arts & Sports Law (LL.M.S.)
 Master of Laws in Estate Planning (LL.M.E.)
 Master of Laws in International Arbitration (LL.M.I.A.)
 Master of Laws in International Law (LL.M.I.)
 Master of Laws in Ocean and Coastal Law (LL.M.O.)
 Master of Laws in Real Property Development (LL.M.P.)
 Master of Laws in Taxation (LL.M.T.)
 Master of Laws in Taxation of Cross-Border Investment (LL.M.C.)
 Master of Music (M.M.)
 Master of Music Education (M.M.E.)
 Master of Professional Accounting (M.Pr.Acc.)
 Master of Professional Science (M.P.S.)
 Master of Public Administration (M.P.A.)
 Master of Public Health (M.P.H.)
 Master of Real Estate Development & Urbanism (M.R.E.D.U.)
 Master of Science (M.S.)
 Master of Science in Architecture (M.S.A.)
 Master of Science in Architectural Engineering (M.S.A.E.)
 Master of Science in Athletic Training (M.S.A.T.)
 Master of Science in Biomedical Engineering (M.S.B.E.)
 Master of Science in Business Analytics (M.S.B.A.)
 Master of Science in Civil Engineering (M.S.C.E.)
 Master of Science in Education (M.S.Ed.)
 Master of Science in Electrical and Computer Engineering (M.S.E.C.E.)
 Master of Science in Finance (M.S.F.)
 Master of Science in Industrial Engineering (M.S.I.E.)
 Master of Science in Management Studies (M.S.M.S.)
 Master of Science in Mathematical Finance (M.S.M.F.)
 Master of Science in Mechanical Engineering (M.S.M.E.)
 Master of Science in Music Engineering Technology (M.S.M.E.T.)
 Master of Science in Nursing (M.S.N.)
 Master of Science in Ocean Engineering (M.S.O.E.)
 Master of Science in Public Health (M.S.P.H.)
 Master of Science in Taxation (M.S.Tax.)
 Master of Urban Design (M.U.D.)

Specialist in Education (Ed.S.)
 Doctor of Education (E.D.D.)
 Doctor of Medicine (M.D.)
 Doctor of Musical Arts (D.M.A.)
 Doctor of Philosophy (Ph.D.)
 Doctor of Philosophy/Doctor of Medicine (Ph.D./M.D.)
 Doctor of Physical Therapy (D.P.T.)
 Doctor of Nursing Practice (D.N.P.)
 Doctor of Public Health (Dr. P.H.)
 Juris Doctor (J.D.)

Schools and Colleges:

School of Architecture: The School of Architecture, founded in 1983, offers accredited professional undergraduate and graduate degrees in architecture and several post-professional graduate degrees. Programs include the professional Bachelor of Architecture (B.Arch) and Master of Architecture (M.Arch), the post-professional Master of Science in Architecture (M.S.Arch) with two possible tracks- Architectural Design and Architectural Studies, the Master of Urban Design (M.U.D), and the Master of Real Estate Development and Urbanism (M.R.E.D.U.), an interdisciplinary one-year graduate program that draws on the real-life experience of developers-in-residence and faculty support from the School of Business Administration and School of Law, as well as the School of Architecture. Six-year joint degree programs include the Bachelor of Science in Architectural Engineering and Master of Architecture (B.S.A.E./M.Arch) and the Bachelor of Architecture and Master of Business Administration (B.Arch/M.B.A.).

Curricular areas of focus include: Urban Design, Planning and Real Estate Development, Construction Management, Technology and Computation, Coastal Resilience, Health and the Built Environment, Historic Preservation and Adaptive Use, Classical and Traditional Design, Housing and Hospitality Design, Building in the Caribbean, Latin America and the Tropical World, Architectural History and Theory. Faculty and students are actively engaged in interdisciplinary research with numerous Schools and Centers including the Miller School of Medicine, The Leonard and Jayne Abess Center for Ecosystem Science and Policy and the Center for Computational Science.

The Center for Urban and Community Design (CUCD), the School's outreach program, provides students with hands-on experience in community improvement nationally and internationally. More than eighty percent of enrolled students participate in study-abroad programs in Europe, Asia, the Caribbean basin, and Latin America. The School sponsors fall and spring semester programs in Rome, providing an intensive experience in design, theory, history of architecture and travel within Italy.

Facilities at the School of Architecture include studio workspace for each student within both the historic studio buildings and the new Thomas P. Murphy Design studio building, an architecture reference library linked to university-wide resources, a computer laboratory, a digital fabrication laboratory, a model shop, RAD-UM research lab providing expertise for project-based research on the spatial ramifications of embedded technology, the new B.E. & W. R Miller Build Lab, and the Jorge M. Perez Architecture Center housing lecture and exhibit facilities.

College of Arts and Sciences: Founded at the University's inception in 1926 and housed in 21 buildings located throughout the Coral Gables campus, the College of Arts and Sciences enrolls over 3,700 undergraduate and 600 graduate students in twenty departments and ten interdisciplinary programs. Sixteen departments offer graduate degrees in the fine arts, humanities, natural sciences, and social sciences. Several of the majors available to undergraduates in the College are offered in partnership with other schools at the University, including economics, offered in cooperation with the School of Business, and microbiology and biochemistry with the Miller School of Medicine. Incoming first-year students who meet specific academic criteria may be granted simultaneous admission into the undergraduate degree program of the College of Arts and Sciences and into the graduate degree programs in law or Latin American Studies. Select incoming first-year students are also offered places in the College's PRISM and da Vinci Programs. Students interested in specific interdisciplinary studies can take advantage of the Independent Major, in which they work closely with two faculty members to fashion their coursework and capstone experience. The College offers BA/MS 4+1 programs in Biology, Chemistry, and Computer Science. Among the almost 450 full-time faculty—who teach courses to all undergraduate students at the University—are award-winning teachers and research scholars, recognized nationally and internationally in their disciplines. The faculty of the College of Arts and Sciences include editors of prominent journals, fellows of numerous professional societies, prize-winning creative writers and playwrights, and members of important government research review and advisory boards. The College also provides numerous community outreach activities, including student musical theatre productions at the Jerry Herman Ring Theatre and Alvin Sherman Family Stage; student, faculty, and visiting artist exhibitions in the Wynwood Gallery in the design district of downtown Miami; faculty curated exhibitions at the Lowe Art Museum; lectures and other educational programs sponsored by the Center for the Humanities, and the Miami Institute for Advanced Study of the Americas; volunteer activities in the public schools, hospitals and community clinics for developmentally disabled children; technology workshops for Miami-Dade public school

teachers sponsored by the Department of Modern Languages Laboratory; and a series of programs, hosted by several departments and funded by various federal agencies and private foundations, to enhance the diversity of students pursuing scientific careers through research opportunities for pre-college and undergraduate students; and career development opportunities for high-school and community-college faculty.

Miami Business School: Miami Business School, founded in 1929, is a leader in preparing individuals and organizations to excel in the complex, dynamic and interconnected world of global business. Dedicated to developing innovative ideas and principled leaders that transform global business and society, the School is building bridges across borders, tackling fundamental business and social challenges and fostering entrepreneurship across the region. The School enrolls approximately 2,400 undergraduate and 1,000 graduate students and has award 45,000 alumni living around the worldwide.

Business students have numerous opportunities to customize their learning experience. Undergraduates can choose from 14 majors and 12 minors and gain hands on experience in a variety of programs ranging from the Student Managed Investment Fund to the Entrepreneurship Consulting Program. At the graduate level, the School offers One-Year and Two-Year full-time MBA programs, an on-campus and a fully online Professional MBA program, an Executive MBA in Health Sector Management program, the Miami Global Executive MBA for the Americas program, and the Executive MBA en Español program, along with specialized ten month master's programs in accounting, business analytics, finance, health administration, international business, leadership and taxation, with two offered fully online.

The School is home to the University of Miami Center for International Business Education and Research (CIBER), the Center for Health Sector Management and Policy and The Johnson A. Edosomwan Leadership Institute. Members of the business faculty are distinguished thought leaders whose cutting edge research drives business change and shapes public policy. Each year, the School hosts a dozen talks by prominent business leaders through its Distinguished Leaders Lecture Series and its annual impact conferences in the areas of health care, real estate and finance bring thousands of professionals to the campus.

School of Education and Human Development: The mission of the School of Education and Human Development (SEHD) is to produce knowledge and to prepare the next generation of leaders, researchers, and agents of change and well-being in education and the community. SEHD seeks to be a center of excellence in the study, promotion and integration of educational, psychological, and physical well-being in multicultural communities.

Founded in 1929, the SEHD houses the departments of Educational and Psychological Studies, Kinesiology and Sport Sciences, and Teaching and Learning. The SEHD also houses the Dunsbaugh-Dalton Community and Educational Well-Being Research Center.

The Department of Educational and Psychological Studies (EPS) offers an undergraduate degree in Human and Social Development. The Department also offers graduate degree programs in five areas: Community and Social Change; Community Well-Being; Counseling Psychology; Higher Education; and Research, Measurement, and Evaluation. The Community and Social Change program offers an M.S.Ed and the Community Well-Being program offers a Ph.D. degree. The Higher Education Administration program offers an M.S.Ed. with two tracks – Enrollment Management and Student Life and Development, and a doctoral degree in Higher Education Leadership (Ed.D.). The Research, Measurement, and Evaluation program offers an M.S.Ed. and a Ph.D. degree. Also, Research, Measurement, and Evaluation, and Higher Education offer a joint M.S.Ed. program in Institutional Research and Policy Analysis. The EPS Department's Ph.D. program in Counseling Psychology is accredited by the American Psychological Association (APA). The counseling master's degree (M.S.Ed.) specialties lead to professional licensure in Mental Health Counseling or Marriage and Family Therapy in Florida; and the doctoral Counseling Psychology program leads to licensure as a psychologist. The EPS Department also offers certificate programs in Enrollment Management, and Student Life and Development.

The Department of Kinesiology and Sport Sciences (KIN) offers undergraduate majors in exercise physiology, athletic training, and sport administration. The undergraduate athletic training major is nationally accredited by the Commission on Accreditation of Athletic Training Education (CAATE). Undergraduate minors are

offered in sports medicine, exercise physiology, and sport administration. Master's degree programs are offered in sport administration and exercise physiology. The sport administration degree is offered on campus as well as online. Under the exercise physiology umbrella, there are three tracks including clinical and applied exercise physiology, strength and conditioning, and nutrition for health and human performance. The Ph.D. program in exercise physiology provides emphasis in cardiovascular physiology, muscle physiology, biomechanics, and sports medicine. There are also two laboratories, the Laboratory of Clinical and Applied Physiology and the Max Orovitz Laboratories equipped with high-tech, cutting edge equipment and more than 12,500 square feet of laboratory space.

The Department of Teaching and Learning (TAL) offers an undergraduate major with Florida Department of Education (FDOE) dual certification in elementary education and special education, along with endorsements in ESOL and Reading. The Department also offers a minor in education that fulfills the state's Professional Training Option (PTO) for secondary teachers and lead to FDOE temporary certification. The M.S.Ed. is offered in Education and Social Change, TESOL/Bilingual Education, and Special Education; the M.S.Ed. and Educational Specialist (Ed.S.) degrees are offered in Early Childhood Special Education. The Department's Ph.D. program offers specializations in Language and Literacy Learning in Multilingual Settings; Science, Technology, Engineering and Mathematics (STEM); and Special Education. Two new online programs offer the degrees of M.S.Ed. and Ed.D in the Applied Learning Sciences.

The overarching aim of the Dunsbaugh-Dalton Community and Educational Well-Being (CEW) Research Center is twofold. First, the CEW supports the research activities of SEHD researchers and furthers their understanding of state of the art research methods strategies through direct methodological consultation services, technical support for grant and manuscript preparation, and specialized training opportunities. Second, the CEW promotes individual, relational, organizational, and community well-being through community-based research, professional development training programs, lectures, conferences, and consultation services to non-profit organizations. Moreover, the CEW seeks to match the talents, interests, and resources of SEHD faculty and students with the interests, aspirations, and resources of organizations dedicated to promoting the well-being of our communities; to create sustainable and mutually beneficial community-university research collaborations and; to prepare a new generation of students and professionals to use their academic talents and resources for the benefit of underserved populations.

Structured professional internships, professional development schools, on-campus labs, and integrated field studies provide students in all majors with outstanding experiential learning opportunities.

College of Engineering: Founded in 1947, the College of Engineering comprises five departments that offer degrees in aerospace, architectural, biomedical, civil, computer, electrical, environmental, and industrial and mechanical engineering. The College offers undergraduates a five-year BS/MS degree option, as well as master's and doctoral degrees with specializations in several fields including biomechanics and neuroscience, construction management, cybersecurity, management of technology and ocean engineering. Engineering students participate in interdisciplinary educational programs and research projects with other schools and colleges at the University. With more than 1,050 undergraduate students and more than 220 graduate students, the College boasts an impressively diverse student body consisting of students from 45 different countries. At the undergraduate level, 30% of the student population is Hispanic and 9% is black. Females represent 31% of the students (10% higher than the national average, according to the American Society for Engineering Education). The College's faculty are at the forefront of research on subjects such as healthcare, augmented reality, data analytics, cybersecurity and resiliency. The faculty of more than 75 includes several National Science Foundation early-career awardees and three members of the prestigious U.S. National Academy of Engineering.

The College of Engineering is committed to transforming lives through teaching, research, innovation and service and has implemented a strategic roadmap referred to as iCARE:

Innovation: Boost a culture and physical infrastructure to translate research ideas to the market.

Culture of Belonging: Curate a cultural environment where all faculty, staff and students feel valued and are able to add value.

Agile Administration: Promote staff talents, administer efficiently and serve with integrity and transparency.

Research: Advance knowledge through relevant interdisciplinary research that is competitive with the top 50 engineering schools.

Education: Educate future and current engineers for rapidly evolving knowledge, capitalizing on industry partnerships, global exchanges and active learning.

Recognized for the quality and diversity of its faculty, students, and curricula, the College reshapes engineering education using innovation, research experience, industrial internship and study abroad.

Engineering students and faculty have access to a dedicated entrepreneur-in-residence who explores with them the aspects of product design, IP, licensing and starting a company.

Engineering students also can take courses internationally through the Global E3 study abroad program, gaining cross-cultural skills to excel in the multinational/multicultural engineering profession.

Engineering students have opportunities to secure professional internships while they are in school, to enhance their professional and leadership skills through capstones and senior design projects, and to connect with leading technology firms across the country.

The College of Engineering promotes pro-active and hands-on learning environments. Students and faculty have access to state-of-the-art facilities such as the Johnson & Johnson 3D Printing Center of Excellence Collaborative Laboratory (J&J Collab), and the Magic Leap's Alexandria Laboratory. In the J&J Collab, students work alongside Johnson & Johnson engineers and gain invaluable experience in advanced additive manufacturing for personalized healthcare. In the Alexandria Lab, the newest addition to College's facilities, students and faculty from all schools and colleges explore opportunities in augmented reality and artificial intelligence. They work closely with Magic Leap developers to establish the University of Miami as the first augmented reality campus in the world.

Frost School of Music: The Frost School of Music, founded in 1926, is one of the largest schools of its kind in a private institution and one of the most comprehensive in all of higher learning. With 86 full-time and 26 part-time faculty, a student body of 476 undergraduate students, and more than 270 graduate students, the School awards the Bachelor of Music degree with majors in 12 areas and the Bachelor of Science in Music Engineering. The Bachelor of Arts in music degree is a non-professional degree designed for talented musicians who wish to pursue a broad liberal arts education. The Frost School offers four undergraduate minors, including The Bruce Hornsby Creative American Music Program, a minor in songwriting, and undergraduate performer's certificates in instrumental, vocal, keyboard, and jazz performance.

The Artist Diploma is offered at the graduate level in three areas of performance and conducting. The Master of Music is offered with majors in 19 areas. The Master of Arts is offered in one of the nation's only Arts Presenting and Live Entertainment Management Program. The Master of Science degree is offered in music engineering technology. The Doctor of Philosophy degree is offered in music education, and the Doctor of Musical Arts degree is offered in five areas. A joint degree program with the School of Law offers a Doctor of Jurisprudence and a Master of Music in Music Business and Entertainment Industries, as well as a joint degree in Law and Arts Presenting and Live Entertainment Management. The Henry Mancini Institute is housed within the School, and offers intensive performing and learning experiences across a broad spectrum of musical genres including film, world, jazz and pop-inflected musical styles.

The School's facilities include the Maurice Gusman Concert Hall, The L. Austin Weeks Center for Recording and Performance, which contains the Victor E. Clarke Recital Hall and a state of the art recording studio (one of five professional quality studios in the School), the 28,000 square-foot Austin and Marta Weeks Music Library and Technology Center, containing six music technology labs, and an array of other rehearsal and teaching facilities, including the Patricia Louise Frost Music Studios, a 41,089-square-foot twin-building complex that features 75 chamber music and teaching studios. Many of the School's faculty have gained international recognition in their respective fields. Several of the School's premier performing ensembles have won national awards and engage in touring within and outside the United States. The School has exchange programs with the Sibelius Academy in Helsinki, Finland; Bucks New University in Buckinghamshire, England; the Western Australian Academy of Performing Arts at Edith Cowan University in Perth, Australia; the Royal Academy of Music in London, England, and the Johannes Gutenberg-Universitat in Mainz, Germany. Additionally, the School offers a

five-week summer opera program in Salzburg, Austria. During the academic year the School presents more than 300 forums, student and faculty recitals, concerts, lectures, master classes, and guest artist performances.

As a major educational and cultural resource for South Florida, the Frost School maintains a substantive philosophical and proactive commitment to serving a variety of constituencies by way of its numerous outreach programs, including Frost Music Live!; Grammy in the Schools: Careers in Music; The Ressa Family Hospital Performance Project; Honor Band and Honor Choir; Dance Preparatory; Music Preparatory, which includes Piano and String Academy; Little Canes; and summer music camps for children and students from newborn to 19 years old. The Donna E. Shalala MusicReach Program serves hundreds of underserved youth weekly in outreach programs located throughout the county, as well as through free performances and events. The School of Music has active student chapters of a number of professional music organizations.

Graduate School: The University first approved courses for graduate work in 1941 and the first doctoral degrees were approved in 1959. The University of Miami offers a comprehensive range of student-centered graduate programs with a vibrant multicultural student body. The mission of the Graduate School consists of four pillars:

- Promoting scholarship and research
- Supporting individuals, departments, and programs in the pursuit of excellence
- Fostering innovative, multidisciplinary, and interdisciplinary activities
- Maintaining high ethical and academic standards in graduate studies.

Currently, graduate student enrollment (excluding M.D. and law students) stands at over 4,000. The University and its more than 190 master's and doctoral programs are fully accredited by the Southern Association of Colleges and Schools, as well as by a number of other independent accrediting agencies. The faculty of the Graduate School currently consists of nearly 1,300 members within the University.

The Graduate School sets all policies for graduate education and oversees the quality of graduate programs. Its operation is conducted by the Graduate Council and its standing Graduate Faculty Committees.

The Graduate School houses the interdisciplinary graduate programs offered by the Leonard and Jayne Abess Center for Ecosystem Science and Policy. The Abess Center is an interdisciplinary research center dedicated to educating the next generation of environmental scientists, policy makers, managers, and planners with a grounding in the fundamentals of the natural sciences, social science, and public policy. Four graduate programs are currently offered by the Abess Center: Environmental Science and Policy PhD; joint PhD in Environmental Science and Policy and JD from the School of Law; Environment, Culture, & Media MA/MPS; and Exploration Science MPS.

Law School: Founded in 1926, the University of Miami School of Law is one of the nation's leading institutions of legal education in the United States with over 20,000 alumni practicing in all areas of the law, representing all 50 states, the District of Columbia, several territories, and 91 countries. The School presently enrolls around 1,192 candidates for either J.D., LL.M. or dual degrees. The J.D. program enrolls approximately 1,026 students from more than 113 colleges and universities throughout the United States. Of the entering J.D. students, 49 percent are women, 47 percent identify as members of a minority group or as multiethnic, 35 percent are from outside Florida, and 57 percent have been out of undergraduate school one year or more. Sixty percent speak one or more foreign languages.

The School offers graduate programs in International Law (with specializations in Inter-American Law, General International Law, and U.S. and Transnational Law for Foreign Lawyers); International Arbitration; Maritime Law; Entertainment, Arts and Sports; Estate Planning; Taxation; Taxation of Cross Border Investments; and Real Property Development, with the latter two offering courses online as well as on-campus. Combined, the graduate programs enroll over 166 students; close to a third are foreign lawyers from at least 32 nations. The School also offers several joint degree programs. It is the only law school to offer a JD/Master's in Music Business, a JD/MA in Arts Presenting, JD/MA in Law and Communications, and a JD/MA in Latin American Studies. In addition, the School

offers a JD /MBA; JD/MPS in Marine Affairs; JD/MPH in Public Health; JD/MS Ed. in Law, Community and Social Change; JD/Ph.D. in Law and Environmental Policy; JD/MD; JD/MPA in Public Administration; JD/LL.M. in Tax, International Law, Maritime Law, Estate Planning or Real Property Development; and a JD/MBA/LL.M. in Tax, Real Property Development or Estate Planning.

The School provides a rigorous foundation in the intellectual underpinnings of law, as well as extensive lawyering and skills training in both traditional and innovative settings. The School's renowned faculty includes nearly 100 full-time professors and over 100 distinguished lawyers and judges who serve as adjunct professors. In addition to its extensive curriculum with over 300 courses and seminars, the School offers foreign exchange programs in Argentina, Belgium, Brazil, China, Colombia, France, Germany, India, Ireland, Israel, Spain, Switzerland, and Vietnam. The Law School's externship programs offer students an opportunity to earn academic credit and gain practical legal experience by working with local, national, and international corporations, government agencies, public interest organizations and the judiciary. The School's award-winning clinics, focusing on different areas of the law, offer exceptional training grounds and give students practical, hands-on lawyering experience while also helping needy and under-represented individuals. The School is home to LawWithoutWalls® (LWOW), an innovative academic model that brings together students, faculty, practitioners, and entrepreneurs from around the country and the world to explore innovation in legal education and practice.

The Law Library is one of the leading legal research libraries, with over 680,000 volumes and equivalents. Taxation and estate planning, law of the sea, and international arbitration are among the special strengths represented in the collection. Foreign law collections focus on regions of Latin America and the Caribbean. The Law Library's talented staff provides a variety of services designed to meet the research and teaching needs of the faculty and students at the Law School.

The School is regularly ranked among the top law schools by U.S. News and World Report for Tax Programs, and its alumni are regularly featured in Super Lawyers magazine. The School is accredited by the American Bar Association, is a member of the Association of American Law Schools, and has a chapter of the national law student honorary society, the Order of the Coif.

Medical School: The University of Miami Leonard M. Miller School of Medicine is an academic medical center that transforms lives through teaching, research and service. We achieve transformation through innovative education programs that train the next generation of medical leaders, groundbreaking biomedical research that has lifesaving global impact, and world-class compassionate clinical care that promotes better health throughout our community.

Two overarching practices link these areas of excellence to make the school a national leader. 1.) Team Science: Because wellness and disease cut across the boundaries of academic disciplines and medical expertise, a modern academic medical center must approach all of its activities from a perspective of cross-disciplinary collaboration. 2.) Precision Medicine: The school's researchers and physician-scientists look at the underlying biology of disease, focusing on highly targeted treatments for each patient.

Teaching: The city of Miami has a geographic location (it is closer to most of Latin America than it is to most of the United States) and demographic diversity (more than 50 percent of its residents were born in another country) that make it a uniquely rich place to study medicine. Our 800 medical students are joined by 1,200 residents, 580 graduate students and over 190 postdoctoral fellows, and we have one of the largest graduate medical education systems in the country. They are among the brightest in the world, and they come to the Miller School for a breadth of experiences that is matched only by the quality of the training.

Fully accredited by the Liaison Committee on Medical Education of the Association of American Medical Colleges, the Miller School of Medicine is committed to graduating first-rate physicians and is a national leader in establishing innovative curriculum and admissions policies. The school's range of academic offerings include an M.D. program, a combined M.D./Ph.D. program, a 5-year M.D./M.B.A. program, 4-year and 5-year M.D./M.P.H.

programs, a 4-year M.D./M.S. in Genomic Medicine, a 6-year M.D./J.D. program, graduate degrees in 10 areas, postdoctoral programs, and continuing medical education courses.

The outstanding students and medical professionals who are attracted to the Miller School's programs bring with them a strong interest in community service. Fully one-quarter of each class now graduates with the dual M.D./M.P.H. (Master of Public Health) degree. The Regional Medical Campus in Broward and Palm Beach counties is the clinical teaching campus for medical students enrolled in the four-year dual degree MD/MPH curriculum, four residency programs and several fellowship programs. Medical student participation in the Mitchell Wolfson Sr. Department of Community Service (DOCS) Program is also strong. The students and volunteer physicians coordinate numerous events in medically underserved communities.

Research: At the Miller School 1,830 research proposals were submitted in Fiscal Year 2018, and awards totaling \$120.7 million. The Miller School of Medicine was again ranked among the top 50 medical schools nationally in the 2017 Blue Ridge Institute for Medical Research.

Sylvester Comprehensive Cancer Center is the only Cancer Center of Excellence in South Florida, as designated by the state, and it is on a fast track to become the only National Cancer Institute-designated cancer center in South Florida. Its leading-edge treatments and superior patient outcomes have attracted top researchers from other major cancer institutions who are working to make it one of the country's greatest centers for innovative cancer treatments.

The school has the only designated Center for AIDS Research in Florida, and it is leading the university's prestigious Clinical and Translational Science Institute, awarded by the NIH. Other standout research centers include the John P. Hussman Institute for Human Genomics, the Interdisciplinary Stem Cell Institute, the Dr. John T. Macdonald Foundation Biomedical Nanotechnology Institute, the Miami Transplant Institute, The Miami Project to Cure Paralysis, the Diabetes Research Institute, and the Mailman Center for Child Development. Also located on the medical campus is the Louis Calder Memorial Library, the largest medical resource library in South Florida.

Service: UHealth – the University of Miami Health System provides South Florida with the best health care for prevention, detection, diagnosis and treatment of routine, chronic, complex and acute diseases and conditions. Nearly 1,400 physicians represent more than 100 specialties and subspecialties and have more than 2 million scheduled patient encounters each year, with outcomes that are among the best in the nation.

The integration of research and clinical care through UHealth means that knowledge gained is applied to advanced preventions and treatments. UHealth patients are among the first in the world to benefit from the latest medical discoveries that are fast-tracked from the laboratory to the bedside at six hospitals in Miami's health district, which includes the Miller School campus.

The health system is comprised of Sylvester Comprehensive Cancer Center, Bascom Palmer Eye Institute, and UHealth Tower, operating within the University of Miami Hospital and Clinics (UMHC). Bascom Palmer has been recognized as the nation's No. 1 eye hospital for 17 years by U.S. News & World Report in its annual "America's Best Hospitals" issue. Bascom Palmer has four locations in Florida: Miami, Plantation, Palm Beach Gardens, and Naples.

Additional hospitals affiliated with UHealth are Jackson Memorial Hospital, Holtz Children's Hospital and the Bruce W. Carter VA Medical Center. The Regional Medical Campus is affiliated with ten partner hospitals throughout Broward and Palm Beach counties as well as the Palm Beach County Department of Health and numerous community practices. About three dozen UHealth outpatient clinics are located in communities across Miami-Dade, Broward, Palm Beach, and Collier counties.

The Lennar Foundation Medical Center, which opened December of 2016, is a five-story, 206,000-square-foot multi-specialty ambulatory medical center that has been created as a health care destination that encompasses preventive medicine, treatment of disease and management of disease.

Clinical services include specialty cancer care by the renowned Sylvester Comprehensive Cancer Center, Bascom Palmer Eye Institute ophthalmology care, primary care, student health, imaging (MRI, CT, PET/CT, nuclear medicine, non-invasive cardiology, and ultrasound), radiation therapy, the University of Miami Sports Medicine Institute, physical therapy, EXOS human performance, and multispecialty clinics representing such specialties as gastroenterology, cardiology and neurology. The Center features six ambulatory surgery rooms, three endoscopy procedure suites, the Women's Breast Imaging Center (mammography, ultrasound), the infusion center, and a comprehensive diabetes center.

The Center also has conference room spaces for patient education and community engagement events.

School of Nursing and Health Studies: Established in 1948 as the first collegiate nursing program in South Florida, the University of Miami School of Nursing and Health Studies (SONHS) educates students at the baccalaureate, master's and doctoral levels, preparing them to provide safe, evidence-based and compassionate care to local, national and international communities. The school's cutting-edge curricular offerings are continuously updated to meet the evolving demands of the national and global health care arenas. With over 7,000 graduates in just about every corner of the world, the school provides diverse educational opportunities for the next generation of health care professionals. Our graduates comprise a global network of practitioners, researchers and educators working on the frontlines of health care facilities worldwide. The achievements of SONHS alums increase the visibility of our programs in hospitals, communities, laboratories, classrooms, boardrooms and at the intersection of research, practice, and policy.

The undergraduate curriculum includes degree tracks for a Bachelor of Science in Nursing (BSN), a Bachelor of Science in Health Science (BSHS), a Bachelor of Science in Public Health (BSPH), and a minor in Public Health. In addition to the Traditional BSN, we offer an Accelerated BSN program for individuals who hold undergraduate degrees in fields other than nursing and a hybrid format RN-to-BSN program for registered nurses. The school's curriculum also includes master's- and doctoral-level graduate programs. Our Master of Science in Nursing (MSN) nurse practitioner program was the first in the region, and has been expanded in keeping with the increased demand for nurse practitioners created by the transformation of the U.S. health care system and shifting patient demographics. The MSN nurse practitioner specialty tracks are adult-gerontology acute care, adult-gerontology primary care, and family. Also offered are Post-Master's Certificates in adult-gerontology acute care, adult-gerontology primary care, family, and psychiatric mental health. A fully-online master's program in health informatics, the MS in Health Informatics, is designed to address the enhanced need for qualified informatics professionals in the transformed national health care system. A Post-Bachelor Certificate is also available in the health informatics track. The 4+1 degree program, a partnership with UM's Miller School of Medicine, enables qualified students to earn both a bachelor's and a master's degree in public health in just five years. At the doctoral level, the School offers the Doctor of Philosophy (PhD) and the Doctor of Nursing Practice (DNP) programs — the DNP in either the BSN-to-DNP, nurse anesthesia (CRNA) track (first in Florida), or the post-master's track. The post-master's track DNP degree is offered in executive student, hybrid format, which allows students to remain active members of the health care workforce by blending online components, practice immersion experiences, and one weekend per month of on-site, face-to-face class interaction.

The school's dedication to academic excellence is matched by its commitment to the service-based nature of the health care professions. In partnership with the Coral Gables Fire Department, the Miami Dade County Health Department, and other community entities, our nursing students regularly implement major countywide disaster preparedness training exercises featuring Ebola, other infectious diseases, and hurricane disaster simulations. Our active student organizations include the National Student Nurses' Association, the Multicultural Nursing Student Association, the Health Studies Students Association, and the first Florida chapter of the American Assembly for Men in Nursing. Our school is home to Beta Tau, the South Florida chapter of Sigma Theta Tau International, the international honor society of nursing. Our faculty members and students are leading initiatives to improve the health of LGBT and other disparity populations, and addressing racial and other types of discrimination, sexual violence, smoking, and a range of other unhealthy behaviors at the campus level.

Our status as a Hispanic Serving Health Professions School makes our students eligible for special programs that advance Hispanic health education and research. The SONHS is a recipient of the 2016 INSIGHT Into Diversity Health Professions Higher Education Excellence in Diversity (HEED) Award, the only national honor for higher education diversity in the U.S., which recognizes health professions education programs that demonstrate an outstanding commitment to diversity and inclusion.

The School's extensive network of over 250 clinical partners provides nursing students with opportunities for hands-on experience and mentorship at local hospitals, primary health care centers, community-based organizations, health departments, and a range of social service agencies across South Florida. Public health students participate in field practicums designed to engage them in the study and practice of preventing disease and promoting wellness in local and global communities. The richness and cultural diversity of the school's practice settings prepare students to address the health needs of an increasingly diverse society.

The SONHS capitalizes on its location in South Florida, "the gateway to the Americas," to promote dialogue and the mutual exchange of health care knowledge with its neighbors in global regions. An expanding international exchange program offers students global health care experiences in Spain, Chile, Mexico, Haiti, Australia, the Dominican Republic, and India. The school is 1 of only 8 nursing-related designated Pan American Health Organization/ World Health Organization Collaborating Centers in the U.S.--an elite recognition.

The school's research portfolio ranks 22nd nationwide for National Institutes of Health (NIH) funding among nursing schools. Both graduate and undergraduate students have the opportunity to participate in health care research under the guidance of world-renowned faculty scientists, and are therefore engaged themselves as potential future health care researchers. The NIH/NIMHD-funded Global Health Disparities Research Experience supports 8-week international summer scientific experiences for selected promising undergraduate students. An NIH/NINR grant funds "Mighty Girls," an innovative, faculty-created intervention that uses gaming technology to reduce teen pregnancy among Latina girls. A \$6.8 million grant from the NIH has established the interdisciplinary Center for Latino Health Research Opportunities (CLaRO; U54MD002266-11), led by the SONHS in collaboration with Florida International University. The cooperative agreement with NIH funds CLaRO to research intervention approaches to address substance abuse, psychological trauma, and HIV/AIDS among highly vulnerable Latino communities in Miami, including sexual and gender minorities, farmworkers, immigrants and economically disadvantaged and underserved groups. Additional research projects on a wide range of topics and supported by numerous grants and community partnerships include studies on nursing workforce conditions/job satisfaction, and simulation education research with a focus on patient safety.

The school's front-and-center role as a hemispheric leader in health care education, and its vision for the future, are embodied in its newly inaugurated 5-story, 41,000 square-foot state-of-the-art Simulation Hospital, a resource for the school, for UM, and for national and international health care communities. The simulation education conducted at this cutting-edge facility strengthens students' clinical competencies, equips them with critical thinking skills, and prepares them to practice in complex interdisciplinary health care delivery environments. This transformative facility will also convene students, faculty, scientists, health professionals, disaster preparedness experts and technological partners to improve quality patient care and catastrophic event preparation, leading the way in education and innovation.

Rosenstiel School of Marine & Atmospheric Science (RSMAS): As one of only a few subtropical research institutions in the continental United States, the [Rosenstiel School of Marine and Atmospheric Science](#) has grown into one of the world's premier schools of its kind since its founding in 1943. Through transformational research, dynamic interdisciplinary academics, and the unwavering support and establishment of sound environmental policy, we study Earth's great mysteries, improve the quality of human life, and educate our students, the public, and tomorrow's scientific leaders.

The Rosenstiel School's main campus is located on Virginia Key, Florida, which forms part of a specially designated 65-acre marine research and education park that includes two NOAA laboratories and a nationally recognized maritime and science technology magnet high school of excellence. The Rosenstiel School also operates

a 78-acre advanced satellite reception and analysis center in southern Miami-Dade County, a marine experimental station on Broad Key, and a teaching and research station in the Galápagos.

The Rosenstiel School campus has grown to include modern research and teaching facilities, a dedicated academic library, and an internationally recognized Marine Invertebrate Museum. A recent addition completed in 2014 is the 85,000 square-foot, Marine Technology and Life Sciences Seawater Complex, that houses the world's largest, Alfred C. Glassell Jr. SURge-STructure-Atmosphere-INteraction (SUSTAIN) wind-wave tank. The tank is capable of generating 3D flow and surge produced by category 5 hurricane force winds in complex coastal topography. The Marine Life Sciences Center, located within the Seawater Complex, provides a dedicated space for the study of marine animals with foci on the critical connections between oceans and human health and the impacts of climate change on marine organisms and ecosystems. Also located in the Marine Life Sciences Center is the National Resource for Aplysia. This is the only location in the world established by the National Institutes of Health's National Center for Research Resources, where [Aplysia californica](#) are cultured and raised for research and teaching. *Aplysia* are valuable to science as animal models for the study of many aspects of human and animal nervous systems.

An on-campus dock provides scientists and students with complete marine and scuba-diving facilities and access to the [R/V F.G. Walton Smith](#), a 96-foot advanced research catamaran named for the Rosenstiel School's founder. In 2014, the Rosenstiel School added to its fleet of specialized research vessels a one-of-a-kind [Helicopter Observation Platform \(HOP\)](#) housed in an aircraft operation hangar at Miami Executive Airport. It is equipped with technology that transformed a commercial aircraft into a flying scientific laboratory to obtain vital information on environmental processes and mechanisms that affect our climate and impact human health.

The newest addition to the Rosenstiel Campus includes a freshwater Scientific Dive Pool. One of the few facilities of its kind in the nation, it plays a critical role in providing the necessary scientific diving instruction to participants in our science programs and research projects. The facility allows scientists and students to gain a deeper understanding of the marine environment and coral reefs.

The Rosenstiel School operates the Center for Southeastern Tropical Advanced Remote Sensing (CSTARS), an [advanced satellite reception and analysis facility](#) to conduct research with remotely sensed data received from earth-orbiting satellites. The Center is helping to provide vital life-saving information on man-made and natural disasters such as earthquakes, hurricanes, typhoons, rogue waves, and oil spills.

Since 1977, the [Cooperative Institute for Marine and Atmospheric Studies](#) (CIMAS) has been based at the Rosenstiel School, bringing together the research and educational resources of ten partner universities to increase scientific understanding of Earth's oceans and atmosphere within the context of the National Oceanic and Atmospheric Administration's (NOAA) mission. The federally supported institute provides research, education, training, and outreach aligned with its mission and promotes the involvement of students and postdoctoral scientists in NOAA-funded research.

Our Broad Key Research Station, located on a 63-acre island off the coast of Key Largo, FL, provides faculty and students with expanded opportunities to conduct research throughout the Florida Keys. Located just two miles away from John Pennekamp Coral Reef State Park, the marine research facility provides scientists with direct access to Florida's sub-tropical marine ecosystem. The island, only accessible by boat and helicopter, can accommodate groups of 20-25 for overnight stays and offers scientists and students a year-round unique environment for research and teaching programs.

The School's 96 faculty, over 150 master degree students, 150 doctoral students, and more than 380 undergraduate students and over 250 research and administrative support staff comprise a robust academic community. Through excellence in applied and basic marine, atmospheric, and geosciences research and connecting these results to policy, the Rosenstiel School sheds light on today's most pressing environmental issues. Scientists and students at the Rosenstiel School study a wide range of topics, many of which relate to the environment and humanity's growing impacts on the natural world. They are at the forefront of research on subjects such as weather prediction and hurricane forecasting, global climate, natural hazards, oil spill science, aquaculture, marine genomics, fisheries, coral reefs, ocean and atmospheric circulation, sea level rise, oceans and human health, and marine affairs and policy.

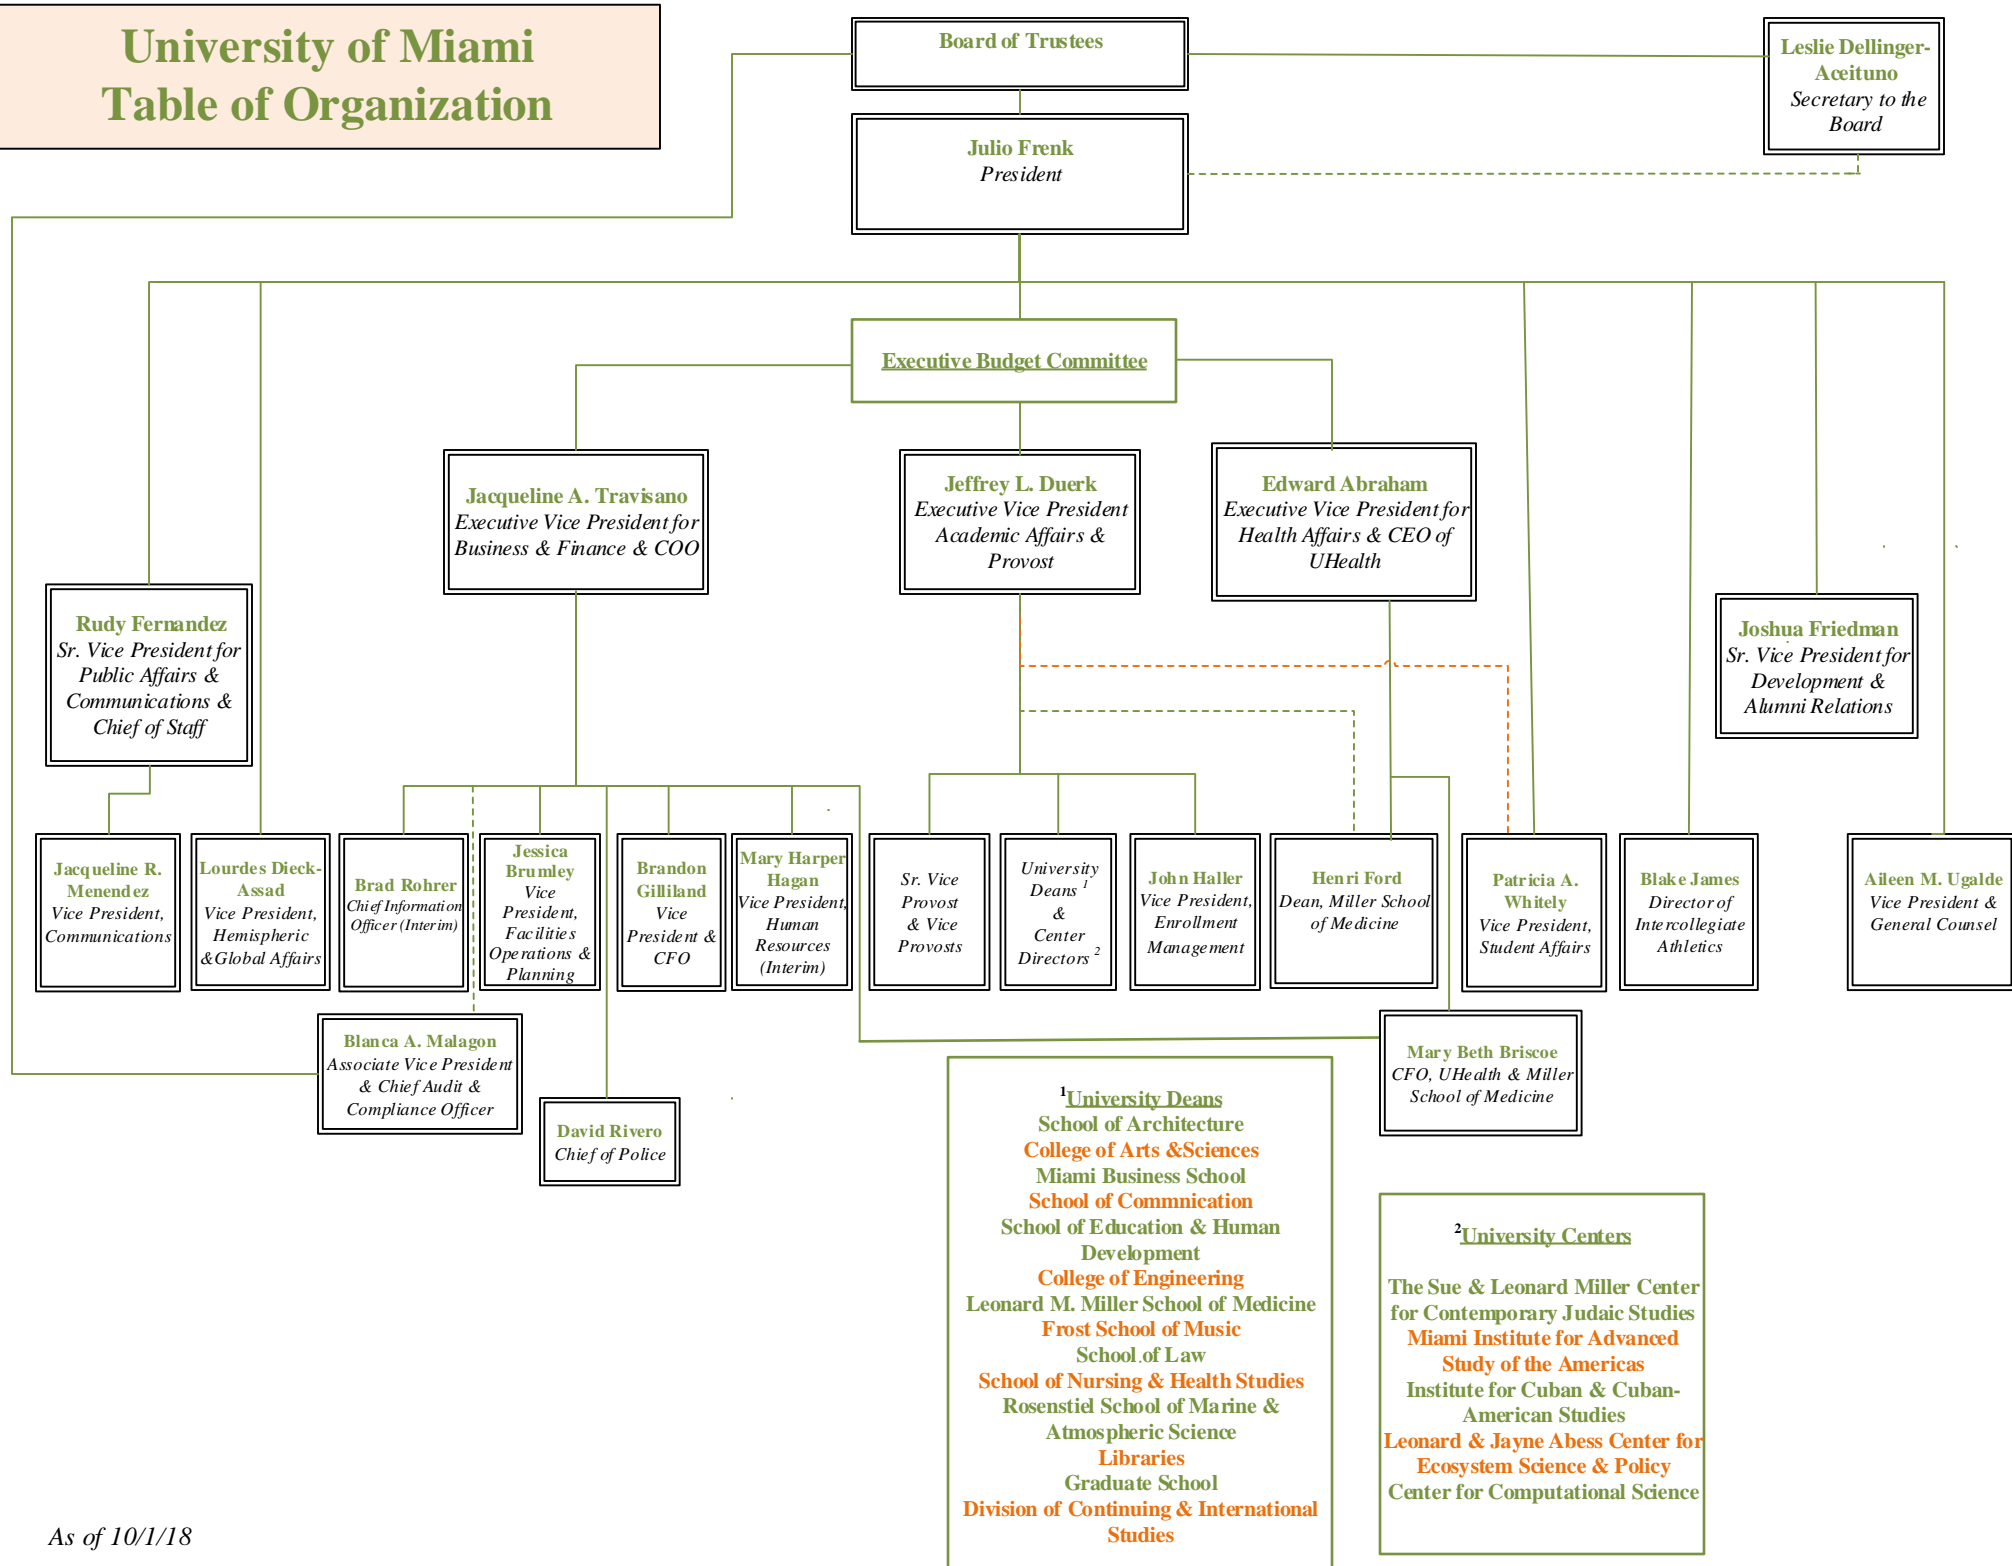

The Rosenstiel School offers both undergraduate and graduate degree programs. Through coursework and research, Rosenstiel School students can earn graduate degrees in ocean sciences, atmospheric sciences, marine biology and ecology, marine geosciences, marine ecosystems and society, and meteorology and physical oceanography. Together with the UM School of Law, the Rosenstiel School also offers a joint program in which students earn a Juris Doctor degree from the School of Law and a Master of Professional Science in Marine Ecosystems and Society from the Rosenstiel School. The Rosenstiel School offers several undergraduate degree options which include a Bachelor of Arts in Marine Affairs or Geological Science as well as a Bachelor of Science in Geological Sciences, Marine Biology and Ecology, Meteorology, Oceanography, or Marine Science. The Bachelor of Science degree in Marine Science is a full double major program that requires a major in Marine Science through the Rosenstiel School and a major in one of the sciences through the College of Arts and Sciences (Biochemistry, Biology, Chemistry, Computer Science, Geological Sciences, Mathematics, Microbiology and Immunology, Neurosciences, or Physics), the College of Engineering (any major), or Meteorology through the Rosenstiel School. In addition to the traditional bachelor's degree programs, students may also elect a five-year B.A. or B.S. / Master of Professional Science (M.P.S.) degree. Undergraduate students in these programs have opportunities to participate in research projects at the Rosenstiel School, working alongside world-class scientists in laboratories and in the field.

In 2011, the Rosenstiel School launched the Master of Professional Science program for students who seek advanced training in career tracks relating to marine and atmospheric science. Designed for students who were undergraduate science majors, this interdisciplinary curriculum is structured to allow students to expand applied scientific knowledge, as well as their professional skills. Degrees can be earned in as little as 12 months in one of several tracks including: aquaculture; applied remote sensing; broadcast meteorology; climate and society; coastal zone management; exploration science; fisheries management and conservation; marine conservation; marine mammal science; natural hazards and catastrophes; tropical marine ecosystem management; underwater archaeology; and weather forecasting.

The School's Community [Outreach Program](#) works in tandem with faculty to connect the University to the general public and all communities in South Florida. Outreach at the Rosenstiel School aids faculty with science proposals and with synergetic partnerships with science museums and South Florida school districts. The general public is invited to join scientists via our various Citizen Scientists programs, on and under the water to help restore coral reefs, track pollutants in Biscayne Bay with our oil spill science experts, and study and help protect sharks. Through the Rosenstiel School's Citizen Science Program, participants get the unique opportunity to participate in scientific inquiry with scientists working on real-time problems.

Cutting-edge research and education at the Rosenstiel School is supported through grants from government agencies and private organizations, as well as innovative partnerships and philanthropic donations.

2nd Decile	17%	21%	20%	23%	22%	5%
3rd Decile	7%	7%	9%	12%	10%	3%
4th Decile	4%	3%	3%	9%	4%	0%
Below 4th Decile	7%	6%	9%	10%	9%	2%
Number Included in Computation	541	351	529	618	754	n.a.
Percent of New Freshmen Reporting	26%	17%	26%	28%	32%	n.a.

* Data in this table are based on the CDS methodology, which reports data for all first-time students who began their studies in the reported fall plus those starting in the prior summer.

** Official SAT (for external reporting) is the SAT reported to the Federal Government, U.S. News and World Report, and other external entities. The Average SAT Combined is computed by summing 4 SAT scores (SAT Verbal 25th and 75th Percentiles and SAT Math 25th and 75th Percentiles) and dividing the total by 2.

Note: "Official SAT" excludes scores for students who performed better on their ACT. "Official ACT" excludes scores for students who perform better on their SAT.

College Board changed the SAT in March 2016. Old SAT scores in this table were converted to the new scale using the concordance table.

Note: The fall-to-fall retention rate is the percent of full-time students enrolled at benchmark in one fall who re-enroll or graduate by benchmark of the next fall.

N is total number in first fall cohort; % is the percent who returned/graduated

Source: PIRA Retention Rate (Benchmark) Database

GRADUATION RATES FOR FULL-TIME NEW FRESHMEN
Trend Data

GRADUATION RATES							
Time to Degree	Cohort Year*						
	2008	2009	2010	2011	2012	2013**	2014**
4 years or less	68.5%	68.2%	69.6%	72.4%	69.8%	72.5%	70.3%
5 years or less	78.7%	79.5%	80.3%	82.4%	80.4%	80.4%	n.a.
6 years or less	81.0%	81.6%	81.7%	83.7%	81.5%	n.a.	n.a.
Number in Cohort	1,983	1,903	2,105	2,138	1,981	2,110	2,052

* Graduation rates are based on the U.S. Department of Education's methodology: Cohort is degree-seeking students who enrolled for the first time in college either in the fall or in one of the two preceding summer sessions and who were enrolled full-time in that fall. Graduation rates are the percentage of the cohort who earned a degree in the time indicated (time to degree is through August 31st of degree year). Deceased students are excluded.

** Preliminary, unofficial

Note: Data are for all University libraries, including the Richter Library and libraries in the Schools of Architecture, Business, Law, Medicine, Music, and the Rosenstiel School.

¹ Includes print and electronic books & volumes.

² Includes both print and electronic journal titles.

³ E-books are electronic publications, including reference books, multi-volume sets, monographs and other non-serial books that are distributed online.

⁴ E-journals are full-text serial publications either wholly received in electronic format or the electronic equivalent of the print version.

⁵ Total items held in the Institutional Repositories (includes both the Scholarly Repository and Law School IR).

⁶ Number of database subscriptions.

⁷ Number of successful full-text journal article requests.

⁸ Website pageviews of UML Digital Collections.

⁹ Total downloads from Institutional Repositories (includes both the Scholarly Repository and Law School IR).

¹⁰ FY 2014 Includes Visitor Count for Richter library only.
